

## TELLS OF NAZIM PASHA'S DEATH

People Had Manifested  
Spirit of Discontent  
for Some Time

## STRUCK BY STRAY SHOT

Delegates Declare Blood of  
Nazim is On Hands of  
European Powers

## TURKS DON'T FORCE MATTERS

WASHINGTON, JAN. 24.—Regarding the public demonstration in Constantinople last night during which Nazim Pasha, the former war minister and commander of the Turkish army was killed the Turkish embassy today received the following cablegram from the minister of foreign affairs of Turkey.

"For some time past there has been manifested a feeling of discontent among the people against the cabinet of Kiamil Pasha who foresees a popular movement thought it better to take strong measures for repressing it. The debates in the grand council and some rumors which were spread afterwards caused discontent to turn into a feeling of exasperation. In consequence, a large crowd went yesterday to sublime porte in order to manifest the feeling of the nation. At the moment of entering the sublime porte an aide de camp of the ex-grand vizier prompted by an excess of zeal, maybe by fear, drew his revolver and killed one of the crowd which being up to that moment very peaceful had to reply to this unexpected attack.

## Is Struck By Shot.

"While this exchange of shots was taking place Nazim Pasha hurriedly coming out from the council to see what was taking place was struck by a shot which unfortunately, mortally wounded him as well as a civilian who remains unknown. On account of these facts the cabinet resigned and his imperial majesty, the sultan, has charged Mahmoud Shekret Pasha to form a new cabinet.

"The port folio of the foreign affairs which is occupied pro tem by Mounktar Bey, has been offered to Osman Nizami Pasha.

## Blood on Hands of Powers.

London, Jan. 24.—The blood of Nazim Pasha, the leader of the Turkish peace delegates here today, "is on the hands of the European powers. Their unfair and precipitate attempt to force Turkey into the surrender of Adrianople has borne its inevitable fruit."

The Turkish plenipotentiary declared that the events of yesterday were to be expected by any one who knows Turkey, the patriotism of her people and the spirit of her army.

The Ottoman spokesman pointed out that only two of the European ambassadors in London knew through experience what Turkey really is. These are Paul Cambon, French ambassador and Marquis Di Francia Villa, Italian ambassador. Both of these, according to the Turks, tried to dissuade their colleagues from driving the Turks to extremities. The Italian ambassador used this expression:

"If we force Turkey to give up Adrianople and her Aegean islands the Turks will turn into wild animals."

## Osman Osimi Pasha declared:

"Now both the allies and the powers have had a taste of what Turkey is capable of doing, of what resistance she is able to offer and what sacrifices she is ready to endure. Nothing is more dangerous than a wounded lion."

## Report from Constantinople.

Constantinople, Jan. 24.—Nazim Pasha, the commander of the Turkish army, received his death wound while expostulating with a crowd of demonstrators for having become embroiled in a conflict at the grand vizierate. The official version of the affray, which is termed a "regrettable incident" was issued tonight.

When the demonstrators, it says, headed by Enver Bey, one of the leaders of the Young Turk party, penetrated the grand vizierate in an attempt to enter the council chamber they were stopped by Fazl Bey, aide de camp to the grand vizier who, drawing his revolver fired a shot at them. The aide de camp of Nazim Pasha also fired at the crowd, his bullet striking Mehmed Nedjif, one of the demonstrators. The demonstrators thereupon replied and Nazim Pasha was instantly killed.

Nazim Pasha, who was in the council chamber, heard the shots and rushed outside. Facing the demonstrators he upbraided them calling them ill-mannered curs. While he was speaking a bullet cut short his remarks and he fell dead. A secret police agent and attendant of the Shiek-ul-Islam, head of the Mohammedan clergy also were killed. The leading unionists of Constantinople declare that the shooting of Nazim was unpremeditated and much regretted, but under the circumstances unavoidable. They say that the unionists bore no ill will toward Nazim whose open and soldierly character made him re-

## DEMOCRATIC CONTROL OF SENATE ASSURED

CONTROL BECOMES CERTAINTY WITH  
ELECTION OF JOHN K. SHIELDS

Tennessee Man's Election Brings  
Democratic Vote Up to 48—Exactly  
One-Half of the Membership  
of the Senate.

WASHINGTON, JAN. 24.—Democratic control of the next senate, which became a certainty when John K. Shields was elected by the Tennessee legislature Thursday now rests at the minimum strength of 48, exactly one half of the membership of the senate. Democratic leaders, disappointed in the recent loss of Senator Gardner's seat in Maine are now hopefully watching Illinois, New Hampshire, West Virginia and Wyoming, in the belief that a Democratic senator may be added to the list from some one of these states.

The control of the senate, if no further Democratic additions are made will be so narrow as to make action on many contested problems, and on tariff legislation a matter of constant doubt. With Vice-President Marshall's vote to rely upon in the case of a tie the Democrats will have control of the senate organization and of general senate affairs. It is recognized, however, that on many tariff questions and on other matters of general legislation divisions within the party after March 4th may in many cases reduce the Democratic majority to the vanishing point. The fight against Senator Warren in Wyoming the contest to upset Senator Fall's re-election in New Mexico and the efforts to make some arrangement that will give the Democrats at least one of the two places to be filled in Illinois, are holding the attention of the party leaders. Democratic control, after March 4th will be strengthened by the long standing division within Republican ranks, and the presence of at least two Progressives, Senators Clapp and Poindeexter on the Republican side of the chamber.

## CHARGED WITH EVADING TAX ON COLORED OLEOMARGARINE

Creamery Proprietor is Accused of  
Having Defrauded the Government  
of \$150,000 in the Last  
Eight Years.

St. Louis, Mo., Jan. 24.—Cornelius E. Knott, proprietor of a creamery here surrendered to the federal authorities this afternoon when informed that a warrant charging him with defrauding the government by evading the tax on colored oleomargarine, had been issued. Government agents say Knott has defrauded the government of more than \$150,000 in the last eight years. The warrant was based on confessions made to the revenue officers by John D. McMonagel, manager of the creamery, before he was taken to the federal prison at Leavenworth to serve a sentence of a year and a day for the violation of oleomargarine law, and on confessions of two negroes employed as mixers in the creamery.

Revenue agents said today that confessions of employees of the factory, showed that sixty-five tubs of oleomargarine were artificially colored in the plant every week.

W. H. Collier, chief revenue agent, who has been investigating alleged frauds in St. Louis said the law was more generally violated here than in any other city of the United States.

## SCARLET FEVER EPIDEMIC.

Appleton, Wis., Jan. 24.—The town of Black Creek near here is in the grasp of scarlet fever. Every school in the place is closed, the last one being closed today. Five deaths are reported this week. Business is at a standstill, the well caring for the sick.

spected even by his political opponents. The fact that a notorious enemy of the committee of union and progress like Rechad Pasha, the late minister of the interior was allowed to go scatheless, it is argued, proved that the demonstrators decided to avoid bloodshed. All the old ministers were set at liberty today and permitted to return to their homes.

Fazl Bey, the aide de camp of the former grand vizier, who fired the first shot in yesterday's affray, was a companion of Major Tahan, who started the mutiny at Monastir last summer which led to resignation of the cabinet of Said Pasha.

Do Not Force Negotiations.  
London, Jan. 24.—Some days must elapse before the situation arising from the revolution in Constantinople becomes clear as far as may be judged there is no intention on the part of the new Turkish government to force matters, or to resume hostilities if any reasonable compromise with the Balkan allies is possible.

A despatch from Constantinople tonight said the council of ministers sat today to discuss the reply that will make to the note of the powers, and it is believed this reply will insist on the retention of Adrianople by Turkey and will point to Thursday's demonstration as a real manifestation of the national will. The new government is floundering difficulty in filling the post of foreign minister. It is probable that no definite steps will be taken. Developments in the situation are awaited through Europe with the greatest concern in view of the fact that danger might arise through active intervention by Russia.

## RATES WILL NOT RUIN BUSINESS INTERESTS

Underwood Says Tariff  
Rates Will Not Be Re-  
duced Enough to Hurt

## DISCUSS FLAX SCHEDULE

Schedule Produced Last Year  
More Than \$49,000,000  
Revenue

## THE DAY'S WASHINGTON NEWS

### FRIDAY IN CONGRESS.

#### Senate.

Convened at noon.  
Adopted resolution authorizing naval affairs committee to investigate wisdom of placing naval observation in hands of scientists irrespective of navy connections.

Senator McGowan introduced bill to appropriate \$250,000 for improvement of channel in New York upper bay.  
Democrats in caucus re-affirmed determination to hold up President Taft's appointments except army, navy and diplomatic, and decided it would be unwise to hold public reception in capitol March 4th. Utah's electoral vote was delivered by Mrs. Margaret Z. Wither.

Senate McCumber unsuccessfully sought to have eight hour law amendment vote re-considered.

Began consideration of Lever agricultural extension bill.

Adjourned at 3:15 p. m., until noon Monday.

#### House.

Convened at noon.

Consideration of conference report on immigration bill was objected to and notice was given that it would be called up Saturday.

Considered private pension bills.

Manufacturers of flax, hemp jute, etc., were subject of tariff revision hearing of ways and means committee.

James J. Hill and several bankers examined by "money trust" investigating committee.

Merchant marine committee continued its investigation into alleged steamship pools.

Immediate action on North river pier extension bills was urged before commerce commission.

Samuel Gompers asked judiciary committee to postpone action on workmen's compensation bill until labor representatives could be heard.

Representative Cannon spoke in favor of Lincoln memorial structure bill.

Appropriation of \$1,000,000 for relief of Ohio valley flood sufferers provided in resolution introduced by Representative Stanley. Passed private pension bills and resumed consideration of rivers and harbors appropriation bill.

Adjourned at 6:30 p. m., until 11 a. m., Saturday.

### WASHINGTON, JAN. 24.—Chairman Underwood of the house committee on ways and means announced emphatically at the tariff hearing today that there was no intention of cutting the rates of duty so low along competitive lines as to ruin the business interests of the country.

He took exception to intimations he attributed to Republican members that the Democratic majority of the committee proposed to make rates that would disturb business prosperity.

"I deny that there is any such intention," he said, following remarks of Representative Payne ranking Republican member of the committee. The committee which heard the testimony of many manufacturers and importers on the flax, hemp, and jute schedule of the competitive character and luxury classification of many of the faces, embroideries and other articles in the schedule. Mr. Underwood took occasion to agree as to some of them that their competitive status seemed to have been sustained which is in favor approximately the same rates on many items.

#### Profitable Schedule.

The entire schedule is one of the most profitable in the whole tariff scheme and produced last year more than \$49,000,000 of revenue with duties averaging above 45 per cent. Some of these articles will be reduced to stimulate competition and bring revenue.

The Manila tax expert on Manila hemp was questioned by the committee when the subject was brought up by Edwin D. Metcalf of Auburn, N. Y., a rope manufacturer. Mr. Metcalf said the duty was a relic of the Spanish regime in the Philippines and that the benefits of the refund allowed to importers in this

## DEBS CHARGED WITH OBSTRUCTING JUSTICE

ARRESTED ON FEDERAL COURT  
INDICTMENT

Socialist Candidate For President at  
Last Election Gives \$1,000 Bond  
For His Appearance at May Term  
of Court.

Terre Haute, Ind., Jan. 24.—Eugene V. Debs, Socialist candidate for president of the United States in the last election, was arrested here today on an indictment returned against him in the federal court for the third district of Kansas.

Debs was charged with obstructing justice.

The arrest was made by United States Marshals Tom Martin and David C. Rankin from Indianapolis. The warrant was served in Debs' office and he accompanied the officers to the office of United States Commissioner Orph M. Hall, where he furnished \$1,000 bond for his appearance at the May term of the United States court of the third Kansas district.

Debs wrote an expose of the alleged conditions in the Fort Leavenworth prison for the Appeal to Reason which caused a government investigation. The matter printed in the Appeal was considered obscene by the federal grand jury and action was brought against the editors for sending it through the mail.

The witnesses in this case, it is alleged, Mr. Debs encouraged to leave the jurisdiction of the court. Debs brands the indictment as an effort to ruin the Appeal to Reason.

Debs issued a statement after his arrest in which he declared that he would fight the case to the limit; that he would employ no counsel but simply tell his story to the jury.

"The federal prosecutor in Kansas," he said, "hired an ex-convict, it seems, to come to me and plead for financial aid, so that he could go to Paris unknown and start life anew. I promised him the means he pleaded for, and now I am indicted upon the charge of having attempted to induce a witness to leave the jurisdiction of the court. I promise that if this case comes to trial there will be some interesting developments before it comes to a close."

## BYRCE MAY DEAL DIRECTLY WITH U. S. IN PANAMA MATTER

Officials Expect That Ambassador  
May Be Given Authority By  
British Foreign Office.

Washington, Jan. 24.—There is some expectation in official circles here that the British foreign office will greatly facilitate the conclusion of the negotiations regarding the Panama canal tolls issue by referring Secretary Knox's note to Ambassador Bryce with instructions that will give him practically a free hand in dealing directly with the secretary of state and Chandler Anderson the counselor of the department who was instrumental in framing the American note in the effort to reach a satisfactory conclusion. Considerable speculation exists as to the probable course of the British government respecting the reservations contained in Sir Edward Grey's note touching the act forbidding the use of the canal by railroad owned steamships. It is assumed that the British foreign office has refrained from defining its position in this matter until the United States government actually undertakes to exclude such vessels from the canal when the issue promptly will be made. Sooner or later this must be met and, according to the official view unless congress is willing to rescind this feature of the law as well as that exempting American coast wise shipping from tolls the subject could best be dealt with through the special commission proposed by Secretary Knox.

#### Pleased at People's Attitude.

London, Jan. 24.—In the excitement caused by the debate in parliament on woman's suffrage and the Turkish revolution the daily newspapers have hardly noticed the reply of Secretary of State Knox to Great Britain's protest against the Panama canal tolls act. The Spectator protests against the manner in which the British suggestion for arbitration of the question at issue has been met by "government professing solicitude for the cause of arbitration." And says that it rejoices that the American people are showing by abundant signs that they do not endorse the view of their government. Referring to Senator Root's appeal for strict observance of spirit of the treaty the Spectator says:

"This is the language of a respected and great American. British shipping would survive the unfair tax but the relations between Great Britain and America would not easily recover from the feeling in Great Britain that the word of an American statesman was no longer to be taken at its face value."

#### BLOWS OUT HIS BRAINS.

Lincoln, Ill., Jan. 24.—Martin Marten, aged 69 years, blew out his brains some time today in his room in the Eckert Hotel. He had been stranded here for six weeks but arranged yesterday over the telephone to work for Frank Wilmert, an auctioneer. When Wilmert went to his room this afternoon to get him Marten was found dead, having fired both barrels of a shot gun into his mouth. He was last seen alive this morning.

## I. C. PASSENGER TRAIN DERAILED

Daylight Special Out of  
Bloomington Strikes  
Bad Rail

## THREE CARS OFF TRACK

Three Coaches Leave Rails as  
Train Travels at Speed of  
38 Miles an Hour

## NONE KILLED; MANY INJURED

BLOOMINGTON, ILL., JAN. 24.—The northbound Daylight Special on the Illinois Central struck a defective rail one mile north of Melvin, Ford county, this afternoon. Three cars were derailed and a dozen passengers are reported injured.

The train was running about 38 miles an hour, when the cars began to leave the rails. The engine broke away from the tender and ran about 1,000 feet. The tender left the rails but did not turn over. The baggage car, day coach and day car turned over, the buffet car was tilted and the parlor car was derailed but not overturned. The cars were of steel construction and were but little damaged.

#### The Injured Are:

Representative Frank Ryan, of Chicago, leg broken.

Former Speaker Edward D. Shurtleff, Chicago, bruised.

E. W. Wright, Chicago, baggage-master, bruised and cut on head.

A. T. Hurley, Chicago, scalp and ear cut and back injured.

C. D. Cary, Kankakee, Illinois Central claim agent, right leg injured.

Mrs. C. E. Batchelder, Chicago, shoulder blade bruised.

Mrs. C. E. Bonner, Chicago, head cut, shoulder hurt.

A. C. Fitzgerald, Gilman, bruised about the body.

Harry Foster, Kankakee, bruised.

G. W. Riggs, Chicago, cut about face.

M. W. Yates, Springfield, cut about head.

Mrs. Leslie Hawkins, colored, Mt. Olivet, Ky., ribs broken, spinal column injured, condition very serious.

J. P. Chandler, Chicago, should-ers injured.

William F. Osket, Chicago, back injured.

J. L. Ure, Chicago, brakeman, face cut and arm injured.

Mrs. C. Gould, Onarga, injured by hat pin, penetrating scalp.

Mrs. George Reisch, Springfield, cut on head.

Mrs. George Schwamer, Springfield bruised about legs.

Harry Luehrs, cashier state treasurer's office, Springfield, left knee injured.

Mrs. H. A. Hill, Chicago, seriously cut about head.

Miss Fay Rogers, Clinton, bruised about body.

J. Dahl, Chicago, back hurt.

Mrs. Jane Harris, Clinton, bruised about body.

W. P. Hawkins, colored, Mr. Oil-vet, Ky., shoulder badly cut.

A relief train took the most seriously injured to Chicago.

## HOTEL EMPLOYEES ARE OUT ON STRIKE IN NEW YORK

Nearly 3000 Waiters, Cooks and  
Kitchen Helpers are Idle As Re-  
sult of Strike Order.

New York, Jan. 24.—The strike of hotel employees spread to day and nearly one quarter of the more important establishments were affected. Some of the smaller restaurants were forced to close and several hotel proprietors said that if the trouble continued they might have to discontinue their dining room service. Nearly 3,000 waiters, cooks and kitchen helpers, it is estimated are out.

Several hundred strikers early tonight attacked two non-union waiters outside the hotel Astor and seriously injured them before police dispersed the mob. Three men were arrested. The strikers marched to the Knickerbocker Hotel and to Shanley's Restaurant making a demonstration in front of each, neither pitched battle with the police in which 400 strikers were involved ensued. Some of the strikers carried railroad spikes. The police arrested nine men while cooling this riot.

#### AMERICAN GUNBOAT WELCOMED IN MEXICO.

Washington, Jan. 24.—The expected arrival of the American Gunboat Wheeling in Vera Cruz, Mexico on Sunday, has caused rejoicing among the Americans and other foreigners, as well as among many of the better class of Mexicans, according to a despatch to the state department from Consul Canada. Mr. Canada says the federal authorities claim they have driven the rebels away from the railways into the mountains.

#### SHOOT DOWN FATHER AS HE OTHER.

Fairfield, Ill., Jan. 24.—Donzella, 10-year old son of Allen Wahl, shot and killed his father here today. The father, who recently returned from a hospital for the insane, had attacked his mother.

## COREY REVEALS MORE U. S. STEEL SECRETS

IS CROSSEXAMINED IN GOVERN-  
MENT INVESTIGATION SUIT

Declares Organization For Price  
Fixing and Participation in Pools  
Was Known to Judge Gary

NEW YORK, JAN. 24.—The participation of subsidiaries of the United States steel corporation in pools, organization for the purpose of fixing prices was known to Judge Elbert H. Gary, chairman of the corporation before he gave orders that the pools should be abolished according to Vm. E. Corey, former president of the corporation. Mr. Corey so testified today on cross-examination of the government suit to dissolve the combination under the Sherman anti-trust law.

The testimony preceded an acknowledgement by Mr. Corey that his resignation as president of the corporation in 1910 was the sequel of a dispute between himself and Judge Gary as to who was chief in authority and that the finance committee of the corporation had upheld Judge Gary. It gave direct contradiction to that of Chairman Gary before the Stanley investigation committee, that with the exception of the "rail combination," which he said, did not fix prices, he had had no knowledge of the existence of pools and had ordered them abolished as soon as they had been brought to his attention. This was in the latter part of 1904.

#### Says Gary Knew About Pools.

Mr. Corey swore today that Judge Gary "knew all about the pools at the time because he attended some of the meetings." Although a meeting of the plate and structural pool "in 1902 or 1903" was the only one at which he could distinctly remember that Judge Gary was present, Mr. Corey said he was sure he was present at other meetings.

"Are you sure that Judge Gary was present at the structural meeting?" asked C. A. Severance, attorney for the corporation.

"Absolutely," answered Mr. Corey.

Mr. Corey could not be induced today to alter his previous testimony that the Tennessee Coal & Iron company was a steel rail competitor of the steel corporation before it was taken over by the corporation during the panic in 1907 with the sanction of President Roosevelt. He said he had opposed its acquisition on the ground that the price was too high. John W. Gates and others who controlled it had placed a "nuisance value" on the properties, he said, and it would have been a competitor of the corporation if it had not been taken over.

## WILSON SEEKS REST AND DIVERSION IN NEW YORK

Makes Week End Visit With Mrs.  
Wilson Shopping and Attending  
Theatres.

New York, Jan. 24.—To obtain rest and diversion from the strain of his official duties, President-elect Wilson came to New York for the week-end today. He went shopping with Mrs. Wilson most of the afternoon, visiting half a dozen stores without being generally recognized. Tonight the governor was the guest of a close friend at the theatre. He had no engagements, he said.

It is very probable that Mr. Wilson will visit the Metropolis every week-end before his inauguration as his friends have cautioned him against overwork. Earlier in the day the governor had gone to Philadelphia to visit a dentist. He left there for New York at noon and will not be back in his office at the state house before Monday. Though he gave his plans for the week-end in detail to the correspondents so as to be accessible to them, he asked that information so as to whereabouts he withheld from the public so that he could be free from political burdens for a spell.

#### Recognized in Store.

Although Governor and Mrs. Wilson escaped general recognition during their shopping tour an incident at the very start indicated that their hopes in this respect might not be realized. The governor agreed to meet Mrs. Wilson on an upper floor of one of the big stores and as he stepped out of the elevator and walked to the spot where she was waiting some one recognized the president-elect. There was an immediate flutter among the store employees, who flocked from all sides and surrounded the couple. An impromptu reception followed during which scores of eager young women were greeted by the Governor and Mrs. Wilson.

The play house which Governor Wilson attended tonight was very small and he was speedily recognized as he took his seat in the audience. In his honor the orchestra played the "Star Spangled Banner"—the first time this national air has greeted him in his visits to the theatres since his election to the presidency.

#### AURORA BASEBALL DIRECTORS WILL FIGHT.

Aurora, Ill., Jan. 20.—Directors of the Aurora Baseball association tonight planned to begin legal action to prevent the Wisconsin-Illinois league from transferring the Aurora franchise in the league to Milwaukee or from organizing for the season without Aurora. The league directors voted at a special meeting held yesterday in Milwaukee to drop Aurora. The local club will ask that the league be compelled to pay their price for the franchise if they will not retain the club.

## WOODS SHUT OUT UNTIL BOND IS FILED

Must Wait Until Governor  
-Elect Dunne Can  
Receive Bond

## DOYLE WILL HOLD OFFICE

Secretary Doyle Will Not  
Relinquish Office to Any  
Demand Now Made

## MORE CANDIDATES TUESDAY

SPRINGFIELD, ILL., JAN. 24.—According to a report today Harry Woods, the newly elected secretary of state, will take the oath of office next Monday and then make a demand upon Secretary Doyle for possession of the secretary's office, investigation reveals that Mr. Woods bond is not on file, Governor Deneen having refused to accept it, and in consequence there is no place for the bond to be filed until Governor-elect Dunne is in office and ready to receive it.

In view of this contingency Secretary Doyle will not relinquish his office at this time no matter what demand may be made for possession. Unless the friends of Representative John M. Rapp of Fairfield, can prevail upon Governor-elect Dunne between now and next Tuesday to take a hand in the house deadlock, it is possible that half a dozen other candidates will be trotted out either Tuesday afternoon or Wednesday morning.

Among others whose names are mentioned as possibilities for try-outs next week are W. G. Kane of Harrisburg, a new member of the thirty-first district; Charles F. Cline of Aurora, a new member from the fourteenth district; Frank Gillespie of Bloomington, a new member from the twenty-sixth district and William McKinley of Chicago, a new member from the thirty-first district.

#### Unclaimed Bonds 60 Years Old.

In going over the files of his office, preparatory to turning it over to his successor, William Ryan, Jr., of Danville, State Treasurer Edward E. Mitchell discovered four bonds for \$1,000 each, which have remained unclaimed in the vaults of the treasury of Illinois for more than sixty years. Money to take up the bonds, which ceased to draw interest about thirty years ago is now in the state treasurer's office and probably will remain there another sixty years unless some one proves his right to possession of the securities.

The bonds bear date of July, 1847 and are well preserved, although somewhat yellow with age. They bear the signature of August C. Franch as governor of the state.

With the bonds is a notation made June 7th, 1857, by John Moore, state treasurer, in which Mr. Moore states that the bonds were deposited with the state treasurer for safe keeping, to be restored to their owner upon proper identification.

After placing the bonds in the treasury, Governor Franch died without informing anyone, so far as is known to whom the bonds belonged. In administering his estate the existence of the bonds became known but no one could be found who could shed any light upon the mystery as to their ownership.

#### IOWA WOMEN WILL MAKE THEIR CHOICE.

Grinnell, Iowa, Jan. 24.—To determine whether women in Grinnell really want the right to vote, or whether it is only the desire of politicians and enthusiasts that they be given this right, a "regular" women's suffrage primary election will be held here January 31st. Announcement was made today of the regulations governing the primary.

Women only will be allowed to vote and the primary is to be held under the same regulations which would govern an ordinary election, except that it will be under the auspices of these local commercial clubs instead of the state or municipal authorities. The polls will open from eight in the morning until 8 in the evening and women judges will be selected by local suffragists while a man will represent the commercial club. All women more than 18 years old may vote.

#### WEATHER INDICATIONS AND TEMPERATURES.

Washington, Jan. 24.—For Illinois: Fair Saturday; Sunday increasing cloudiness, light to moderate variable winds.

Chicago, Jan. 24.—Current, maximum and minimum temperatures today were:

	Current.	High.	Low.
Boston	44	48	46
Buffalo	34	38	32
New York	42	48	42
New Orleans	66	74	64
Chicago	36	39	2

**Fires In Jacksonville**  
Monday's Courier had the following:  
**ROOF CATCHES FIRE**  
"Saturday evening the roof of the residence of Newton Sargent at 350 West Court street caught fire about 6:30 o'clock, burning a small hole. The fire department was called, but a Babcock extinguisher was used by a member of the department in putting out the fire."  
Tuesday's Journal tells of a fire at 302 North East street, caused by a coal oil lamp, at which a woman was badly burned. The Journal says: "In the meanwhile the fire department was called and extinguished the fire with the chemical."  
Only lack of information prevents EVERY HOME having its own Babcock. The cost is small; anybody can use it; it is always ready. There is nothing secret about it, and if you call at our office, 110 South West street, we will be glad to explain it to you fully.

### FROM THE SOUTH.

Citronelle, Ala., 1-22-'13.  
Dear Journal—  
We believe we promised to inform our readers on the possibilities of farming in this locality. We have been looking around and studying the proposition at different points. A farmer from Illinois would never take his plow out of his wagon in this locality. The color of the soil would not suit him at all, the stock of horses, cattle and hogs would disgust him and the general outlook would make him sick. But after he had once found the true conditions he would not feel so awfully bad. It is true, to commence with, that the first thing to do is to get a good stock of fertilizer on hand, for the soil is devoid of most of the plant foods that are necessary for all round farming.

There is a question which arises in the mind of those who would farm in this locality for money concerning the expense of the fertilizers. Land can be bought from \$7.50 to \$25 per acre, ready for the plow. Our neighbor, Mr. Turney has just finished planting one acre of Burmuda onions, on which he spread thirty-six dollars worth of fertilizer. He expects to harvest from 450 to 500 bushels of onions about the fourth of July. They will be worth about five cents per pound. You can count the total for his crop, after deducting the salary of one man's time till they are harvested. Mr. Turney tells us that with rotation of crops with the velvet bean or cow peas this coat of fertilizer will last for several years. This stands good with corn, cotton and other standard crops. We talked with a wise man, a native of Alabama, who is deeply interested in farming in this state. He tried to force us to acknowledge that a man was a fool who would pay \$250 per acre for land in Illinois when he could get land in Alabama that would raise the same amount of corn for \$25 per acre. We replied that we were from Missouri and he would have to show us that it was easy to make such an assertion but when he undertook to prove it he would fall down, badly. He declared that the Alabama Land congress would demonstrate the fact and prove his assertion to be the truth, before another summer passed. We asked the privilege of withholding our answer until this land congress made their report. This argument took place at one of the large hotels where there were a good many guests, some on one side and some on the other, and created a good deal of merriment, all in good humor. The great trouble down here with the farmer from the north, is that he bulges right in, believing that he knows all about the conditions, when he doesn't know the first principles, and the consequences are he makes a complete failure, loads his farming implements on a car and pulls his freight to some other location more congenial.

### SOCIAL EVENTS.

Mrs. R. M. Forsythe entertained a number of friends Friday evening in honor of her niece, Miss Agnes Taylor of Woodson. Music and games furnished entertainment for the evening and delicious refreshments were served.  
Those present were Misses Agnes Taylor, Gertrude Kumble, Mary Daniels, Beulah Ennis, Lucille Allison and Mabel Forrester and Messrs. George Megginson, Carter Cain, Harris Robertson, Trixie Justus, Earl Hembrigh and Jesse Willis.

High school students and friends enjoyed a dance at the Peacock Inn last night. Music was furnished by Mrs. Fred Randall's orchestra.

### MISDEMEANORS.

Shooting at Columbiana.—John Crist shot and dangerously wounded Jim Pettus at Columbiana. The two men lived in a houseboat on the Illinois river at Columbiana, and engaged in a quarrel, which ended in the shooting. Christ was lodged in the Carrollton jail to await the outcome of Pettus' injuries which are considered serious. The shooting was done with a shot gun.

Pulled Nails With Her Teeth.—Using her teeth to draw nails from boards that held her prisoner, Libby Hamilton, a 350 pound insane woman escaped through a window in St. Joseph's hospital. When the men attempted to take her back to the hospital she fought them for thirty minutes before she was finally conquered.

Fined by Telephone.—Police Magistrate F. M. Snyder, of Urbana, is believed to be the only police judge in Illinois who ever fined a man by telephone. Isaac Avery was arrested by the police and when arraigned for trial no judge was present. Magistrate Snyder, who is convalescing from a stroke of paralysis at his home, was called over the phone and Avery pleading guilty over the phone the magistrate fined him \$5 and costs.

White Slavers.—Mrs. Nola Owens and Mrs. Elizabeth Moad of Belleville and Charles L. Wilson of St. Louis, are held as prisoners on a charge of trying to induce Laura Palmer, an 18-year-old servant girl, to come to Belleville.

two different nurseries where they are grafting thousands of paper shell pecans and budding thousands of Satsuma oranges to the citrus trifoliata hedge, something similar to the osage, hardy and of long life. The Satsuma orange has the reputation of being superior to the Florida or California oranges, sure bearers and very productive.

Thousands of pecans are being planted this year; they bear at three years old, but of course not enough to be considered, commercially, but the grow very fast in this soil and soon become valuable.

There is also a movement in the bear business, they are planting a great many acres to the sand bear, a hardy and very rapid grower, the only pear tree that never blights. This pear tree will grow where a pine tree grows and needs no fertilizer when the fruit arrives in quantities to justify a cannery there is going to be something doing in and around Citronelle. Apples, peaches, plums and apricots have been a failure, because the people did not know how to care for them. With proper care any kind of fruit will do well. Strawberries and other small fruit does well, the strawberries are in blossom now. There is another industry here that we believe might be made profitable if the right kind of men would take hold of it, that is the cane business for syrup.

The ribbon cane grows to perfection here and makes a very superior syrup. We went out to see the coldest people make syrup in the old fashion way and they were doing a good business. They gave us a quart for inspection and we found it to be delicious when spread on buckwheat cakes. A Chicago firm put \$20,000 into a manufactory for this same business, but something was lacking and the machinery is standing idle now. Such work does a great deal of harm to a country that is trying new ventures, we know the cane will grow and we know that it will make a delicious table commodity if handled right.

We have been poking our nose into every corner to see what was here, we have been lost in the swamps, we have been on the ground where the last surrender of the civil war occurred and came very near being in a wild hog hunt, our lateness on the ground only prevented us.

We became acquainted with a fine family by the name of Hovel, who live two miles from Citronville. The Hovels are pioneers, having lived here for almost twenty years. They own something over 700 acres have a large house and barn and are well posted on the country. Mrs. Hovel being the best posted, best housekeeper, best cook and the most pleasant woman we have met in the south and by the way they are Illinoisans. We went out one morning to the Hovel plantation to go pig hunting but were just a little late and missed the fun, nevertheless we stayed for dinner and had the satisfaction of helping devour one of those game little fellows who make their home in the pine forests and the great swamps. Was he good eating? Well you just try one and you will say they are the sweetest pig meat you ever tasted.

A young man who works for Mr. Hovel chased one of these piggies with a game hound so persistently that piggie took a hole in the ground and the young man dug her out, tied her securely and carried her home and put her into a stout cage, where we had the satisfaction of interviewing her, but every time we approached the cage she would lunge at us as vicious as any hyena we ever saw. She had bristles six inches long, the brightest eyes and the whitest teeth of any pig we ever saw. She was two years old and we guessed her weight at forty pounds, but Mr. Hovel said it would crowd her to make that weight.

We have had a busy month here and have enjoyed every day, we will leave here tomorrow morning for Mobile and if we see anything worth writing about probably will try to tell you something about it.

With best wishes, etc.  
D. K. McCarty.

Money Wanted.—\$5500 at 6 per cent 5 years on Morgan Co land. For particulars call in person; don't phone. JOHNSON Agency.

MIAL STEAMER HAS NARROW ESCAPE.  
London, Jan. 24.—The Mail Steamer Princess Clementine had a narrow escape from disaster in the English channel tonight while crossing from Ostend to Dover. The vessel when near the English side of the channel came into collision with the Norwegian bark Heimdal, which was so badly damaged that she became water logged. The second officer and one seaman of the Clementine were drowned while lowering a boat to go to the assistance of the bark's crew.

KING ALFONSO MAY VISIT UNITED STATES.  
London, Jan. 24.—It is stated that there is a probability that King Alfonso of Spain will visit the United States, possibly next summer, should the political situation in his kingdom permit of his doing so. It seems that Alfonso has been greatly interested on the subject of a trip to the United States since a visit to that country by his war minister's son and often he has expressed a desire to make a visit there.

It is understood that the matter now is being seriously considered by the Spanish government with a view to carrying out the desires of the king.

APPOINTS NEW TEA BOARD.  
Washington, Jan. 24.—Secretary McVeagh, to day appointed a new tea board to establish standard samples of pure tea, free of coloring matter to govern importations during the tea season of 1913, beginning about May 1st.

R. C. Morrison of Chicago is one of the members.  
Cleveland, O., Jan. 24.—Another skating record was broken tonight by Robert McLean of Chicago, the amateur champion, when in a match race he skated half a mile in 1:16 1-5 seconds.

**SPECIAL LOW PRICES TO DAY ON ALL READY-TO-WEAR GARMENTS, FURS AND MILLINERY AT HERMAN'S.**

**BIG SHIPMENT OF WHISKEY RECEIVED IN JACKSONVILLE.**

Twenty cases indicate that arrangements were being made to Quench Vast Amount of Thirst—Name of Consignee Wrongfully Used.

Twenty cases of whiskey which were received in Jacksonville on a night train recently have formed the basis of an investigation the police department has been making for several days. The whiskey came from Peoria and was consigned to "John Kearn, Jacksonville, Ill."

Of the two men here of that name one is John Kearn of the postoffice force and the other in the employ of Graubner & Lair at their W. State street shop. Both men naturally regret that their names have been mixed up with an affair with which they have no connection whatever.

The facts are that the goods were shipped addressed to John Kearn, Jacksonville, and were delivered to someone else. It is said that the whiskey was delivered to a barber conducting a shop on East Court street and that he signed the receipt for the same, but is not accounted the real offender. It is unlawful for an express company to deliver goods of this kind without a written order from the man to whom the goods are consigned but the law does not seem to have been observed in this case. The men whose name was wrongfully used by some law-breaker in an effort to cover up his tracks are justly indignant over the matter. The police have no doubt that the liquor was shipped in for bootlegging purposes and they will get at all facts possible in the case.

**Better sell cheap than carry over is Knoles' rule; you get the benefit.**

**HOLD ANNUAL ROLL CALL.**

Fully one hundred and fifty members of Caritas Rebekah lodge No. 13, were present at the meeting Friday evening when the annual roll call was held. After the regular exercises of the roll call a musical program was given which was highly appreciated and an excellent oyster supper was served. The affair was in charge of the social committee of the order which deserves credit for the success of the meeting. The committee is composed of Miss Fern Haigh, chairman; Mrs. J. L. Pine, Miss Ethel Cox, Otis Ermy and John Rothwell.

The program follows:

Vocal solo—Miss Madeline Weeks.

Reading—Miss Frances Akire.

Instrumental duet—Messrs. Vieira.

Vocal solo—Oscar Hanson.

Violin solo—Fred Meyers.

Vocal solo—Asa Robinson.

**It will be cold this winter and next; better stock up with good clothing while Knoles is selling so reasonably.**

**READY TO BEGIN WORK.**

Bert Way of Cass county was in the city Friday making final arrangements to move to Dr. J. W. Hargrove's farm just west of the city. As before mentioned his services have been secured by Dr. Hargrove to make the place a fine stock farm.

**ANOTHER SHIPMENT OF NEW SPRING MILLINERY ARRIVED AND IS NOW ON SALE AT HERMAN'S.**

**IS SERIOUSLY ILL.**

Jos. L. Whittaker, received a message yesterday stating that his mother, Mrs. Sarah E. Whittaker had undergone a serious operation Thursday in a Chicago hospital and that her condition was quite critical. Mrs. Whittaker has a daughter residing in Chicago, Mrs. F. E. Monville.

**THE FIRST SHOWING OF NEW SPRING SUITS AT HERMAN'S.**

Hundreds of people attended the opening of the Gem theater Friday afternoon and evening and witnessed a good program of moving pictures, which consisted of two Vitagraph dramas and an Essanay comedy. The theater which is under the management of F. L. Wakefield of Chicago, has been newly decorated and lighted and the many visitors who took advantage of the management's invitation to make a free inspection of the theater, seemed well pleased with the pretty appearance of the theater and the performance.

**FIRE DESTROYS CHURCH.**

The First Presbyterian church of Piper City, was entirely destroyed by fire Wednesday afternoon, with a loss of \$15,000, partly covered by insurance. The blaze originated in a small room where coals were kept.

## CORNELIUS DEWEES PASSES

## AWAY FRIDAY MORNING

Mexican War Veteran, Resident of This City Since 1896, Succumbs an Attack of Pneumonia.

After a comparatively brief illness with pneumonia, Cornelius Dewees, a retired farmer and highly respected citizen, passed away at his home, 281 Sandusky street, Thursday morning at 7:15 o'clock. The deceased had not been in good health for several days and Thursday evening double pneumonia developed.

Born in Barren county, Kentucky, November 22, 1824, Mr. Dewees accompanied his parents, Nimrod and Elizabeth Dewees, to Morgan county five years later and resided on the farm with his parents until the outbreak of the Mexican war. Mr. Dewees enlisted as a private in Colonel Easton's regiment in 1847 and served until he was honorably discharged in October, 1848. The following year he joined a party of Argonauts, under Captain Heslop, and started for California via the Santa Fe trail. He remained in Sacramento until the spring of 1850, when he accompanied a party and went to placer mines on the Yuba river.

The following August Mr. Dewees went to Yuba City, where he engaged in the wood business and in the spring of 1851 he went to the Santa Clara valley, where he followed the occupation of farmer for two years. Being unable to purchase land in the Santa Clara valley, on account of the inability of early settlers to secure title to their property, he returned to Morgan county in the spring of 1855 and engaged his services to John T. Alexander, the cattleman, and others for whom he drove cattle for three years. He went to Missouri in 1856 and on March 28 of that year in Pettis county, he was married to Mary Goodwin. Soon after his marriage he purchased a farm near Pleasant Hill, Jackson county, Mo., where he remained until the spring of 1863, when he returned to Morgan county and purchased a tract of land northwest of this city. The deceased successfully cultivated his farm until 1896, when he retired from active farming and came to this city where he has since resided.

Mr. Dewees was the father of eight children, three of whom died in infancy. He was also preceded in death by his wife, April 23, 1905, one son, James P., who was drowned Montana, March 4, 1889, and Miss Cora, who died June 15, 1912. He is survived by two daughters, Mrs. Mildred E. Powell and Miss Mary Dewees of this city; one son, Ernest G. Dewees of Joy Prairie; two sisters, Mrs. Mary Alexander and Mrs. Elizabeth Osborne of this city, and one brother, James P. Dewees of Prentice.

Mr. Dewees was a member of Central Christian church of this city and had been a member of the Concord Christian church prior to coming to Jacksonville. He had served as an elder in the church for thirty years. He was a man of excellent character and was highly esteemed by a wide circle of friends. His life was one of great usefulness and he has passed to the other world, leaving to his family the splendid heritage of a good name.

Funeral services will be conducted from the late residence, 281 Sandusky street, this afternoon at 2 o'clock, in charge of Rev. Clyde Dargatz, pastor of Central Christian church. Interment will be made in Diamond Grove cemetery.

**Money Wanted—\$5500 at 6 per cent 5 years on Morgan Co. land. For particulars call in person; don't phone. Johnston Agency.**

**WILL GIVE CONCERT MONDAY.** The Messrs. Swarthout of the faculty of the college of music will give a recital next Monday night in Music hall, to which the public is most cordially invited. The ensemble program will begin at 8 o'clock and will be as follows:

No. 1. Sonata for piano and violin, Saint-Saens.

No. 2. Violin Concerto in A major from Sinding.

No. 3. Concerto B flat minor for piano from Tschickowsky.

**OF ALL THE COFFEES OUR 30c COFFEE PLEASES THE PEOPLE. CLAU'S TEA CO.**

**CUT THE HIGH COST OF LIVING.** W. H. Chapman, Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medicines did them no good. I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound."

No opiates.—City Drug Store, J. A. Obermeyer.

**AMERICAN FENCE.** Best Lead Drawn Double Galvanized. Stay wire three wraps on top wire and same size as line wire. Gay's Reliable Hardware.

**HAVE NEW CIGAR FACTORY.** Chris Henze and Albert Schaefer, two well known cigar makers who have been employed at the Franks factory, have opened up a factory of their own under the name of Henze & Schaefer at 315 West Morgan street. The cigar they will manufacture is the "New Wrinkle." Both men are experienced in the trade and are valued citizens of Jacksonville, and their friends are expecting their prosperity and success.

Knoles continues to hand out those wonderful bargains in clothing.

**HADLEY ADDRESSES LAWYERS.** Utica, N. Y., Jan. 24.—An address by former Governor Hadley of Missouri on the subject of "Progressive Jurisprudence" was the leading feature of the program today at the annual meeting of the New York State Bar association. At the election of officers which will conclude the meeting tomorrow Judge Alton B. Parker will be named as president of the association.

## A New Blend of Coffee Our Own Mix

I have handled and sold coffee now for years. Have tried all blends, and kinds, and at last I have discovered a combination of three different coffees, that by mixing them together in their right proportion I have now a blend of coffee that could not give better satisfaction at any price, even if I would ask 50c per pound. Its the flavor, strength and amber color. However I will retain a low price. You will say, oh, that's every corner grocer talk; they all say we have the best. Well seeing is believing, and tasting proves it all. I will guarantee that you can not duplicate this blend of coffee at from 5 to 10c per pound from the other fellow—and if you will try a sample pound and it does not prove as I say I will not charge you one cent for it. We give you all coffee—we can't afford to give any premiums or presents. If we did we would have to charge more for the coffee. A trial is all we ask and the price is only 30c PER POUND.

## ZELL'S GROCERY

## Give Us That Meat Order

You may not be able to come to our shop to select the meat or poultry you need for your table but you safely entrust us with an order by phone and quick delivery will follow. The very choicest.

Prime Beef for Roasts  
Choice Steaks  
Mutton and Veal  
Pork Roasts, Chops and Sausage

This list of course does not include all the offerings for we have all cuts of beef, pork and mutton and whatever your order is you will get full value.

## Rayhill China Store

## RATES WILL NOT RULE IN BUSINESS INTERESTS

(Continued From Page One.)

country operated to the benefit of the American consumers. Mr. Underwood criticised it as a bad law. It was suggested that an export law anyway was not in keeping with the spirit of the American constitution.

### Report Not Printed.

Because the conference report on the immigration bill as agreed to in conference for the second time had not been printed, objections were made to its consideration in the house today. Representative Gardner of Massachusetts gave notice that he would call it up tomorrow. The certificate of character provision to which the senate objected have been eliminated.

### Appeals For Lincoln Memorial.

Appealing to the house today to pass the senate bill for a \$2,000,000 Lincoln memorial structure in Washington, Former Speaker Cannon today declared that it was a profanation of Lincoln's name to use it in connection with the promotion of a road project.

"There are certain great characters that will dwell in the history of the country," Mr. Cannon said, "first, and barely first Washington, second, Lincoln, third, Lee, a great man, a great general who did his duty from his patriotic standpoint; fourth, Jefferson Davis, a great man performing a great service for the republic as he saw his duty."

"A hundred years from now the ordinary reader will recall this period and there will be in the mouths of the school children the names of Washington, Lincoln, Grant, Lee and Davis. But you will have to search the congressional record and the encyclopedia as to find out about the balance of us, who have been speakers, members of congress in the house and senate. Take Mr. Cannon for instance. I have been speaker for eight years. They will say 'it does appear that there was a man from Illinois by the name of Cannon, but I don't know much about him; there was another man by the name of Cannon in congress from Utah and it was said that he had seventeen wives.'"

The memorial bill will be taken up in the house next Wednesday.

### For Sufferers in Ohio Valley.

Representative Stanley of Kentucky today introduced a resolution authorizing the war department to expend \$1,000,000 for food and subsistence for the sufferers from the floods in the Ohio valley. It also authorizes the use of army tents.

### Denies Existence of "Money Trust."

Accepting as an argument a lengthy statement denying the existence of a money trust and charging the co-operation among financial interests to the weak banking law framed by Henry P. Davison of J. P. Morgan & Co., the house money trust committee today closed for the present its financial probate. The statement of Mr. Davison, presented by him as he left the witness stand, was an analytical argument based on the tables and charts presented to the committee purporting to show control of \$25,000,000,000 of resources by 180 directors. The statement denied this conclusion and set forth specifically that the firm of Morgan & Co., "believes that there is no such thing, either in form or in fact, as a 'money trust.'"

The committee did not allow the statement to go into the record as testimony, but, at an executive meeting, voted to allow it to be recorded as an "argument."

The committee will begin within a week consideration of its report which will recommend changes in the national banking laws.

Mr. Undermyer said today that the investigation as originally planned had gone as far as it could under the present laws, that an effort would be made later to continue it.

Chairman Pujo and Mr. Undermyer will make arrangements for the examination of William Rockefeller. Mr. Undermyer will open negotiations in New York tomorrow with John P. Garver, counsel for Mr. Rockefeller, with a view to having a private examination conducted next week.

## CRITICIZES LAW PREVENTING RECOGNITION OF PROGRESSIVES

Former Senator Beveridge Attacks Present Minnesota Law.

St. Paul, Minn., Jan. 24.—Former Senator Beveridge speaking before the Progressive conference this afternoon criticised the Minnesota laws which prevent the recognition of the Progressive party in this state and declared that if the legislature now in session fails to amend existing laws every progressive should take the stump in an effort to return to private life "the men who make the laws."

Colonel Roosevelt in a telegram emphasized what he considered the necessity of the Progressives remaining intact—a party by itself. He in his message declared the Democratic tariff policy to be as dangerous as the Payne-Aldrich tariff measure.

### OHIO RIVER

#### IS STILL RISING

Cairo, Ill., Jan. 24.—The Ohio river reached tonight a height of 48.6 feet, and still rising, with indications it will go nearly a foot higher.

A wide territory both above and below Cairo is inundated. Thousands of acres of wheat land are under water.

Water is pouring through the break in the levee at Drinkwater, Mo. A small increase in the flood at Birds Points, Mo., will embarrass both the Cotton Belt and Iron Mountain railways.

### WARSHIPS PROCEED

#### TO TURKISH WATERS.

London, Jan. 24.—Italian, British and other warships have been ordered to proceed immediately to Turkish waters, according to dispatches from Mediterranean ports to day.

## WESLEYAN WINS BY CLOSE MARGIN

ILLINOIS LOSES FAST AND EXCITING GAME.

Methodists Whip Up in Last Five Minutes of Contest and Win By Score of 22 to 18—Coach Harmon's Men Play Splendidly Against Championship Team.

Whipping up in the last five minutes of play, Wesleyan university basketball team overcame a lead which Illinois college had maintained all through the game and won the contest last night by the close score of 18 to 22. The splendid showing made by Coach Harmon's men against the championship team of the Methodist school is an occasion of much congratulation. The Illinois team is practically a new team, only one man on the squad having played part of a season with a college team. Wesleyan's aggregation is composed of veterans. Take Young for instance, who by the way failed to star last night, has been playing basketball for six years, three years on the Normal university

Jacard.  
Right Forward of Illinois Who Struck in Game Last Night.

team and this is his third year with Wesleyan. Ewing is playing his third year and two years for Rust and Calhoun.

The large crowd of fans witnessed a mighty fast contest and exciting too Illinois started the ball rolling in good fashion by winning the first half 12 to 9. During the half Wesleyan got 3 field baskets, and Illinois 5 and in the second half Wesleyan got 5 field baskets, and Illinois 1. At the beginning of the second half things looked even better for Illinois, but after Young was favored by fortune in his careless backward throw of the sphere, which went directly in the basket, about five minutes before the game ended and the heavy gall which the local men had been forced to go during the big struggle the Hill-ties appeared to lose their speed and the contest went the way of the Methodists.

Young the highly touted guard of the visitors only got two baskets off of Furr, the little Illinois Freshmen playing a strong defensive game. Over at Millikin Thursday night Young got 6 field baskets.

Ewing led Wesleyan in field goals and really put up the best game for the visitors. In the second half Hart, Wesleyan's center was being pushed too hard by Tandy and he was taken out, Elliott, who was playing right guard for the visitors was sent to center and Rust went to guard.

Jacard played whirlwind basketball for Illinois and in the first half made three field goals, two of them being extremely spectacular and difficult shots. In the second half Wesleyan guarded him so closely that he could not accomplish much. Gary was not in the best playing condition, suffering from what is known among athletes as "buck shins", but the sturdy little fellow despite his injury was in the game every minute.

Tandy clearly outplayed his opponent, made two field baskets and made 6 free throws out of seven tries. Johnson was in his first regular college game and played splendidly. Wesleyan did not display much team work during the last half, taking long shots at the baskets and Illinois had run up seven points in the half before the Methodists had scored.

From here the Wesleyan team will go to St. Louis where they will play Christian Brothers college tonight. On February 1, Normal university will play here against Illinois college. The score:

	F.B.	F.T.	T.P.
Jacard, rf	3	0	6

## IOWA RULES COMMITTEE TAKES A RADICAL STAND

Passed Declaration That Bills Submitted to Committee Must Reappear in House Within Ten Days.

Des Moines, Jan. 24.—Iowa's legislative rules committee in the house took today the most radical stand in years when it passed a declaration that all bills submitted to a committee must reappear upon the floor of the house within ten days. The rule was passed at the insistence of Speaker Edward Cunningham, who declares that he will make the committees live up to the rule.

In past sessions one of the effective methods of burying bills was to send them to a committee allowing them to await there until a sifting committee took charge of legislation in the final week. This rule will have the effect of either killing or bringing unimportant bills to vote early in the session.

GOV. BRADY ELECTED SENATOR.  
Boise, Idaho, Jan. 24.—Former Governor James H. Brady was elected United States senator for the short term on the joint ballot today. Brady will fill out the unexpired term of the late W. H. Heyburn.

### FARMERS DISCUSSED SHEEP AND HOGS AT STATE UNIVERSITY

One Speaker Quotes C. A. Rowe as  
One of States Most Successful  
Feeders—Valuable Points Are  
Given.

At the Thursday morning session of the agricultural short course at the University of Illinois, two of the speakers were J. O. Finlay, who discussed "Sheep" and John McCarty who had "Hogs" for his theme. The latter speaker quoted C. A. Rowe of this county as an authority on hog raising. The reports of the two excellent addresses made on these important subjects were made by the staff correspondent of the Bloomington Pantagraph as follows:

**Sheep and Economy.**  
Such roughages as straw, fodder, clover straw and other crops that are not put on the market can have a commercial value by feeding them to live stock. Sheep consume a larger per cent of these roughages, compared with the amount of grain eaten, than any other kind of live stock. When it is not at all possible to get such roughages as clover, these other cheaper roughages can be used by feeding sheep.

When the sheep is fed the best quality of straw, they will consume the larger part of it. Possibly the best way to feed such roughages is putting them in racks along the side of the barn lot. When fed in this way not near so much will be wasted as when fed in the manger. When fed in the barn in racks it is still better. The farmers are beginning to keep more live stock and are beginning to realize that they must make use of these courses roughages. In the northwest farmers cut up the roughage and mix it with the grain, but this is an expensive method. When they are fed without cutting up the waste can be used for bedding any way.

"When I was on the farm with my father we fed sheep corn and clover straw and counted that we made a much higher market price for our grain but we did not value the straw at anything. Of course hay would have been better but the straw did a lot of good and should be credited.

We should take more care of these feeds. The fadders are not the best for keeping the sheep in the best condition so some concentrated feed should be fed. It is not always possible to have the best roughages and it is real economy to make use of these cheaper ones in the place of buying clover hay. Alfalfa and silage are some of the best roughages but the sheep will consume large quantities of straw and fodder to a great advantage. We should make use of these by-products of the farm.

The farmer need not be discouraged if he has not the best forage crops, for the alfalfa may fail and the clover freeze out, and then we can make use of these roughages. Prof. Coffey, of the university, said that they were trying an experiment along that very line at the university now and says that it is very interesting to watch it.

The next speaker was John McCarty on the subject of "Hogs." "I was here ten years ago when there was more room than anything else and now there are more people than room. I am glad to see the interest that is shown.

**Give Hogs More Care.**  
"The farmer usually keeps hogs until winter comes and then sells them off. The reason for this is that he has not got the equipment. There is no kind of live stock farming that the farmer can go in with so little first cost and none more profitable.

Most farmers say that hogs are profitable as long as they keep two or three brood sows and fatten what pigs they raise, but they have no luck when a larger number are kept. As a rule hogs of all sizes and ages are kept together and fed together. In summer they get corn and clover pasture, and in the winter just corn. If the pigs get too runty they may get some shorts or bran. They sleep where they can, take cold and lice are common. With these poor methods little money can be made. If other kinds of live stock were treated like this they would not make any money.

**Small Pastures for Hogs.**  
"If two sows will do well on the farm, why not make many small pastures and keep two in each one? A 55-acre field on my farm was divided into four fields, and a rotation of corn, oats and clover is used, and the clover is pastured. The fences are made so that they may be easily taken down. These small fields are divided in as many fields as we like by temporary fences and a few hogs are put in each one.

**Movable Concrete Floors.**  
"We use a V-shaped hog house 6x6 feet. These houses can be bought ready built for \$5 each at our lumber yard. Each house is provided with a concrete feeding floor 8x12 feet. I live on a black level prairie where the drainage is poor and the hogs must be kept up off the ground. Plenty of bedding can be used on these floors to keep the hogs from getting cold. These floors with the necessary reinforcements cost me 7 cents per square foot. These slabs of concrete may be easily moved around on a sled. The feeding floors are enclosed with four gates which cost \$1.80.

"We first built one large hog house that cost \$300, or \$30 to the sow, and that does not include the floor. The large house saves labor but the hogs do not get enough exercise. More pounds of pork can be made by using the individual houses.

"The portable hog house is not complete without some kind of floor and the concrete slabs are the most practical and are very satisfactory as a feeding floor."

Mr. C. A. Rowe, who is another big hog raiser, says that those kind of feeding floors have got his kind beat. He uses a wood floor and he says that they are always sappy. "Hogs will eat tankage when they will not eat anything else. I feed it in a trough, beginning on one fourth pound and increasing to one-half pound.

"I think that hogs should be treated for the cholera all the time. I have not lost over one per cent after the double treatment with the state serum. I think that the pigs should be over three months old before giving them the serum. The trouble is that most farmers do not treat their hogs until after they begin to die. It should be kept on hands all the time. The serum costs only the express from Springfield.

**THE TEMPERATURES.**  
The temperatures for Friday, according to G. H. Hall, weather observer at Alexander, were: maximum 41, minimum 22.

**AMERICAN WIRE FENCE.**  
Best known—known as best.  
Gay's Reliable Hardware.

### LIVE STOCK PRODUCTION.

Present High Prices Not Temporary  
is Opinion of Illinois Farmers  
Institute Officers.

It is for the public good to encourage live stock production. It calls for greater intelligence and skill in the farm laborer and dis-tributes the work more evenly throughout the year. Intensive forms like dairying furnish more work. If we are to have the highest intelligent citizenship, country people must develop standards of living that require the highest type of agriculture, and this is not possible without live stock.

For many years consumers were able to buy meat at prices little above the cost of labor in production. Scientific and practical investigation of the high cost of living will not discredit the stock raiser. Let no one be deceived that present high prices are temporary. Intelligent live stock husbandry is more profitable than grain growing. In a Missouri hog feeding test with corn at 60 cents, grains \$6 per cwt., and no account of labor or fertilizer, an acre of blue grass pastured with 14 hogs for 140 days was worth \$18.80; an acre of clover, 12 hogs 90 days, \$37.59; rape, oats and clover, 10 hogs, 78 days, \$22.02; corn peas, 12 hogs, 32 days, \$17.71; and cow peas, 10 hogs, 32 days, \$35.40.

**Add Fifteen Millions to Production.**  
It is believed that much less than half the corn produced in Illinois is fed on the farms. The 150,000,000 bushels shipped out of the state would fatten each year 2,500,000 steers or their equivalent in other stock, and the fertilizer produced by this feeding would increase the possible annual production \$15,000,000. Some day it will be considered bad economics to export grain for feeding purposes. To keep the cost of food within reach of the masses will eventually demand that the distance between the producer and consumer must be shortened. In most European countries food stuffs sold to consumers at a price noticeably closer to the producer's price.

**Will Not Be Over Done.**  
It is not true, except in minor instances, that older agricultural countries abandon live stock with increase of population. In Germany, France, Denmark, Holland, Italy and the British Isles there is a tendency, with but few exceptions, for live stock per capita to increase. Farmers will not produce live stock unless satisfied with promises of profits. A distinct shortage stimulates prices; a distinct advance in prices stimulates production. There is no likelihood that live stock production will be over done as the area that can be devoted exclusively to live stock is rapidly disappearing, while the meat eating population is increasing more rapidly than live stock production.

More and better live stock adds interest to farm life, and attracts our brightest young men and women. A general abandonment of live stock would greatly increase the tendency of young people to leave the farm. Agriculture without live stock tends toward a relatively ignorant class, not farmers from choice, but for the paying labor as in factory, shop or mine. We ought to work out and establish systems which would encourage live stock. H. A. McKeene, secretary, Illinois Farmers' Institute.

**THE DOMESTIC SCIENCE  
ROUND TABLE WILL MEET**  
The Domestic Science Round Table will meet this afternoon at 3 o'clock with Miss Gillett at the Woman's college. Subject for afternoon: "Keeping Well vs. Getting Well." The speaker will give demonstrations.

### SULZER GIVES STARTLING FIGURES ABOUT HIGHWAYS

Governor of New York Tells How  
Millions Which Have Been Saved  
Are Spent in Hauling Farm Pro-  
ducts to Market.

Speaking before the house of congress, Hon. William Sulzer, now governor of New York, and then a congressman, gave some startling figures as to the value of good roads and the cost of bad roads. He maintained that it costs more to haul the products of the farms to the railway stations than it does to take those products to American and European markets. Mr. Sulzer said in his speech:

"Just a few moments about good roads—a matter of much moment to all the people of our country. The plain people of the land are familiar with the truths of history. They know the past. They realize that often the difference between good roads and bad roads is the difference between profit and loss. Good roads have a money value far beyond ordinary conception. Bad roads constitute our greatest drawback to internal development and material progress. Good roads mean prosperous farmers; bad roads mean abandoned farms, sparsely settled country districts, and congested populated cities, where the poor are destined to become poorer.

"Good roads means more cultivated farms and cheaper food products for the toiler in the cities; bad roads mean poor transportation, lack of communication, high prices for the necessities of life, the loss of untold millions of wealth, and idle workmen seeking employment. Good roads will help those who cultivate the soil and feed the multitudes, and whatever aids the producers and the farmers of our country will increase our wealth and our greatness and benefit all the people.

"We cannot destroy our farms without final decay. They are today the heart of our national life and the chief source of our material greatness. Tear down every edifice in our cities and labor will rebuild them, but abandon the farms and our cities will disappear forever.

"One of the crying needs in this country, especially in the south and west, is good roads. The establishment of good roads would, in a measure, solve the question of the high price of food and the increasing cost of living. By reducing the cost of transportation it would enable the farmer to market his produce at a lower price and at a larger profit at the same time. It would bring communities closer together and in touch with the centers of population, thereby facilitating the commerce of ideas as well as of material products.

"When the agricultural production alone of the United States for the past eleven years totals \$80,000,000,000, a sum that staggers the imagination, and when we consider that it costs more to take this product from the farm to the railway station than from such station to the American and European markets, and when the saving in cost of moving this product of agriculture over good highways instead of bad would have built a million miles of good roads, the incalculable waste of bad roads in this country is shown to be of such enormous proportions as to demand immediate reformation and the exercise of the wisest and best statesmanship.

"But great as is the loss to transportation, mercantile, industrial and farming interests, incomparably greater is the material loss to the women and children and the social life, a matter as important as civilization itself. The truth of the declaration of Charles Sumner, 50 years ago, that the two greatest forces

for the advancement of civilization are the schoolmaster and good roads' is emphasized by the experience of the intervening years and points to the wisdom of a union of the educational, commercial, transportation, and industrial interests of our country in aggressive action for good roads."

Hall, 2925 Olive street, St. Louis, Mo. Sold by druggists.

### WANTS TO DYNAMITE CROWS.

One of the most interesting and remarkable sights anywhere in the state of Illinois is three and a half miles northeast of Neoga, in what is known as the old Needham orchard. For years this orchard has been a roosting place for crows. This year there is a vast increase in the number of birds. At roosting time the trees are covered and it is impossible to see any part of the limbs. The birds leave early in the morning, returning late in the afternoon. Mr. Lacy has taken the matter up with the state game warden to exterminate the pests. He has made this proposition to the state: He agrees to put a stick of dynamite, enclosed in a bag of gravel, in the top of each tree and then discharge the explosive with electricity. For every crow that is killed the state is to pay him 10 cents if 100,000 are killed at one shooting, but if the number falls below that figure the state is not required to pay anything.

**PUBLIC SALE.**  
I will sell at the Cridland farm, four miles northwest of town, horses, mules, cows and farm implements, Tuesday, Jan. 28.

A. W. Waltman.

### THE WORD "CHICKEN."

**Term Applied to Maidens Is Not Slang, Says Dictionary.**  
The user of correct English and opponents of slang words and phrases throw fourteen kinds of fits and raise their hands in horror when the term "chicken" is applied to a maiden of tender years. The word is considered to be the slangiest of the modern slang. For those who will take the trouble to look up the definition of the word chicken will find it is not as slangy as is generally supposed and it is permissible and proper to use the word in speaking of young fowls or young women.

The definition as given in Webster's Collegiate dictionary is as follows: "Chicken: A young bird or fowl, especially a young hardy fowl. A young person, especially a young maiden."

Those who use the word, however, are particularly cautioned to be careful how they use the word "hen" as applied to a middle aged or elderly lady.

**QUICK RELIEF FOR RHEUMATISM.**  
George W. Kohn, Lawton, Mich., says: "Dr. Detton's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

## HOW TO BE PRETTY

Must Have Lustrous and Glossy Hair—No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, lose something if the hair is crowded with greasy hair. Scarcely and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Nerville's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents itching. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

TWO SIZES—50c. and \$1.00  
Sold at Gilbert's Pharmacy.

## Healthy Mothers

Women who bear children and remain healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the rearing of her child. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature.

## LETTER FROM TEXAS.

Rev. H. S. Alkire of this city who is in Texas for his health has written as follows to the White Hall Republican:

White Hall, Illinois.

Gentlemen: I've been so occupied trying to rest that I've formed the habit of writing mostly post cards, so an extended letter is practically impossible with me now, but I've been here a week among White Hallans and Texans, and will drop you a line concerning our colony here.

Perhaps the "oldest" White Hallan here is C. W. McCollister, and I must add that he is about the busiest fellow in this part of the country. Civil engineering seemed to be his original profession, but now half a dozen other businesses demand his attention, engaged in real estate, rice farming, rice buying, warehousing, banking, etc.

Perhaps Dr. Hand comes next. He's down here head over heels in farming—having his vacation, as he terms it. I was out to his farm, and was greatly interested in his pumping plant for rice growing. The doctor is extremely unfortunate in having his help go back on him. Mr. Washum, whom he recently brought from White Hall, has lost his health, and must return. Coming at the commencement of the farming season makes it rather hard on the doctor, but he's putting vim into his new work, and I think, will show them how to raise rice ere another Thanksgiving. (I was going to say, ere the snow flies, but it don't seem to fly down here).

Then come Mr. and Mrs. Walter North, with their four little East and West and South and Norths. Strange we would live two years so close and scarcely know each other. Now we are cultivating splendid fellowship. I find them, in hospitality, a replica of the old sturdy stock which came from the lower point of Lake Champlain. Walter is working the children, and makes the five-mile trip in the auto almost daily. But it does not take the roads so long to dry as back in Illinois.

We were all very much surprised to hear of Dr. Shirley's sudden death. Mr. North's family especially felt the shock, he being in close touch with the family by inter-marriage.

I'm off today to see good old "Jack" Todd. Had left him out of my itinerary, but a letter from him yesterday made it impossible to "shake" him. From there I'll run down to Lavaca Bay to "scoop up some oysters." Wish John Fox and Mark North were here—yes, Ed King and all those other fellows with miniature appetites. I'd surely beat them at the oyster-eating job now.

Will head for Houston early next week. Will drop off again at Shreveport. Like that town, and want to see more of it. Then, Little Rock, Hot Springs and on home.

## NON-RESIDENT NOTICE.

State of Illinois, ss.

Morgan County, ss. J. P. Dyer, J. P.

William Nunes vs. Ayers Safe Deposit Company, Ayers National Bank, Andres Stone and Marble Company, James Stewart Construction Company, M. F. Dunlap and Andrew Russell—Assumpsit.

To the Andres Stone and Marble Company and James Stewart Construction Company:

Affidavit of the non-residence of the Andres Stone and Marble Company and James Stewart Construction Company having this day been filed in this court, now, therefore, you and each of you, the said Andres Stone and Marble Company, and James Stewart Construction Company, both non-residents, take notice that on the 16th day of January, 1913, in the above entitled cause, summons was issued out of this court against you and each of you, returnable, etc., at nine o'clock of January 21, 1913, according to law, and that said cause is now pending in this court, and will come to be heard in this court at my office in Jacksonville, in Morgan County, Illinois, at nine o'clock on the 15th day of February, A. D. 1913, at which time and place you and each of you may appear as such defendants and defend said cause as you may see fit, and that if you fail so to appear and defend, then the matters and things complained of by the plaintiff herein will be taken and judgment rendered against you and each of you accordingly.

Dated this 16th day of January, A. D. 1913.

W. T. Dyer, (Seal)

Justice of the Peace, Morgan County, Illinois.

J. O. Priest,

Attorney for Plaintiff.

## CANADIAN SWIMMERS TO INVADE UNITED STATES.

Montreal, Jan. 24.—Ten of the speediest swimmers of McGill university left Montreal today for their annual American trip. In the course of the next two weeks the Canadians will engage in a series of contests at Yale, the University of Pennsylvania, Columbia and other leading eastern universities.

## HOW TO BREAK UP A COLD.

Geo. P. Plumb, of Hamburg, N. Y., says: "Chamberlain's Cough Remedy will break up a cold the quickest of anything I have ever used." The remedy contains no opium or other narcotic. It is most effective and pleasant and safe to take. Try it. For sale by all dealers.

## REPORT ACTIVITY IN LEADING INDUSTRIES

## PRESENT OPERATION AND IMMEDIATE OUTLOOK CHEERFUL.

Labor Has Been Well Employed Except in Clothing Lines at New York—Iron and Steel Unchanged.

New York, Jan. 24.—Bradstreet's tomorrow will say:

Weather conditions and tariff talk have made for irregularity in trade reports this week, while financial feeling has reflected marked changes from peace negotiations in the northeast. Rain and snow has been more widely distributed than for a long time in the past but this, while beneficial to winter-sown cereals, has retarded demand at retail centers and resulted in continuance of flood conditions. In the leading industries there is almost unanimous report of activity. Coal is an exception however. Mild weather helps the building trades and iron steel lines are also employed.

Labor has been well employed, except in the clothing lines at New York where many thousands are unemployed and out of strike. Advances in wages were announced affecting 10,000 railway employees on city railways.

The grain markets lost some of their early January strength this week but price changes were not important. The New York stock market is irregular, speculative dealings being restricted, and sentiment which improved on the prospect of a Balkan peace, was again unsettled by the war parties regaining power at Constantinople.

Business failures in the United States for the week ending January 23rd, were 366 which compares with 436 in the like week of 1912.

Dun's Review of Trade.

New York, Jan. 24.—Dun's review tomorrow will say.

Fundamental conditions continue very satisfactory and except in the securities market which has displayed more or less uncertainty, there has been no change in the general feeling of confidence. Current reports from leading mercantile and industrial centers are especially cheerful, both as to present operations and the immediate outlook. The remarkable winter weather is producing different localities and branches of business causing some recession of activity in certain trades and an increase in other quarters. The absence of heavy snow over the eastern part of the country has been favorable to railroad traffic.

Foreign demand for gold continues a feature and New York has been called on to part with substantial quantities of the precious metal. These withdrawals however have been without effect on money rates which remain distinctly easy. Conditions in iron and steel are practically unchanged in dry goods there is a continued conservative progress.

## Bank Clearings.

New York, Jan. 24.—Bradstreet's bank clearings report for the week ending January 23rd, shows an aggregate of \$3,599,888,000 as against \$3,757,306,000 last week and \$3,394,729,000 in the corresponding week last year.

The list includes the following cities:

	Increase
New York	\$2,077,747,000 4.7
Chicago	328,485,000 4.9
Philadelphia	192,847,000 13.9
St. Louis	170,626,000 14
Kansas City	142,000,000 18.4
Des Moines	58,306,000 13.7
St. Paul	3,000,000 20
Davenport	1,570,000 45
Cedar Rapids	1,570,000 40
Waterloo	1,458,000 26.1
Springfield	1,015,000 14.4
Rockford	984,000 27
Quincy	775,000 24.6
Bloomington	635,000 4.9
Decatur	524,000 4.5
Jacksonville	280,000 3.3
Decrease	

## ESCAPED AFTER FIFTEEN YEARS

W. P. Broyles made a successful escape after fifteen years of suffering from kidney and bladder troubles. Foley Kidney Pills released him and will do just the same for others. He says: "They cured a most severe backache with painful bladder irregularities, and they do all you claim for them." Refuse substitutes.—City Drug Store, J. A. Obermeyer.

## HAVE OFFICES IN BEARDSTOWN.

Any comment has been made that the Jacksonville Engineering company will have a representative Wednesday of each week at the office of Christie & Lowe in Beardstown. Commenting on that fact the Beardstown Star says:

"The officers of the Jacksonville company are well known to local people. Mr. Henderson, the president of the company, had charge of the engineering work in connection with the Wall street improvement and is a successor in the local work of the late C. W. Brown. Mr. C. H. Harnoy, treasurer of the company, has also local acquaintances whom he has made through business associations."

## Proper Expression of Appreciation.

A compliment should be as quickly given for goods and good service as a kick for defective goods and poor service. Most people realize this. That is why so many have written to the manufacturers of Chamberlain's Cough Remedy telling of remarkable cures of coughs and colds it has effected, and expressing their appreciation of the good qualities of the good qualities of this well known remedy. For sale by all dealers.

## RETURN FROM ARKANSAS.

Rev. and Mrs. Frank Gruenewald have returned from a visit in the southern part of Arkansas. They report ideal weather while they were there, there being no ice and one day the thermometer registered 70 degrees. Meetings at the local German Methodist church will be resumed Sunday.

## ILLINOIS NEWS.

May Run Over Alton.—The Union Pacific will put on a crack transcontinental train between Chicago and San Francisco on Feb. 3. The route of the new train has not yet been given and it may go over the Alton from Chicago to Kansas City. According to reports the train will run in the daytime and will stop each night. The passengers will occupy the Pullmans at night. The train will consist of seven sleepers, dining, library and observation cars. It will carry valets, a barber shop, manicurist, maids, a stenographer and a physician will be at the service of the passengers. An excess fare of \$25 will be charged and space for the initial trip has already been disposed of.

They Change Places.—Moved by a regard for the natural fitness of appearance, Louis Biesemeyer of the Alton band, known as the "Elk" band, has given up his E flat cornet and taken up the study of the tuba. The smallest man in the band was playing the most ponderous horn and both were sensible to the laughter which they caused every time the band appeared in public. So at the next public concert Louis will wield the bass notes, while the small man will push the shrill high notes through the tiny cornet.

Button Plant Closes.—The local plant of the Harvey Chalmers belt company, known as the Elk Pearl Button company plant, and located at Beardstown, was closed down Thursday. Seventy-five employees are thrown out of work. Just how long the company will keep the plant idle is not known by the local manager, Mr. Sours, but it is thought the arrangement will be but temporary.

Old Ladies' Home.—An old ladies' home for Galesburg. The project has been talked for some time, and while no definite announcement has been made, it has become known that such a home will be erected.

## Takes Her First Street Car Ride.

Mrs. Nancy Jane Hanks, aged 64, of Alton, Ill., took her first ride on a street car in St. Louis. Then she took her first ride in an elevator, now she's first ride that she has wasted so many years of her life. "I had no lead how nice it was to ride in a street car," she said. "And elevator! My, but I think they're lovely." During the remainder of her life Mrs. Hanks said she would indulge in horizontal and perpendicular joyrides every time she could find an opportunity.

## Parcels Post as Carrier of Eggs.

Elgin News.—Parcels post carried a dozen eggs from Elgin to New York Sunday without cracking one. The eggs were laid Sunday morning, mailed that afternoon by Charles H. Potter, president of the Elgin board of trade, and were eaten at breakfast in New York Monday morning by his daughter, Alice Potter. Mr. Potter shipped the eggs to test the efficiency of the new postal system. He is satisfied that it works most satisfactorily. The postage on the shipment was sixteen cents.

## Three Brothers Wed Three Sisters.

Three sisters, Mary, Anna and Jennie Lawrie were married to three brothers, Henry John and Joseph Emanuel at Manlius.

## School Superintendents Organize New League.

Ascertaining that the older organization of Illinois county superintendents of schools was not progressive, fifty seeders organized a new association at a meeting at Bloomington calling it the County Superintendents League of Illinois. To advance and combine all educational interests through county superintendents is the acknowledged intention of the league.

## W. R. Fox, 193 W. Washington

St. Noblesville, Ind., says: "After suffering many months with kidney troubles, after trying other remedies and prescriptions, I purchased a box of Foley Kidney Pills which not only cured my kidney trouble, but have positively set my kidneys right. Other members of my family have used them with similar results." Take at the first sign of kidney trouble.—City Drug Store, J. A. Obermeyer.

## ALTON BUYS NEW HOIST.

The Bloomington Pantagraph states that the Alton now has at Roodhouse a new clam shell derrick adapted for loading locomotive tanks with coal and which will also be valuable for picking up material and supplies, together with a multitude of other uses, has been purchased by the Chicago & Alton from the Brown Hoisting company, of Cleveland, O. It was shipped there Wednesday and placed in service yesterday. It relieves the clam shell derrick leased from the C. P. & St. L., where the Roodhouse chutes were burned, and also takes the place of the Alton's ditching machine which has also been in service loading engine tanks with fuel. The C. P. & St. L. derrick will be returned to that road at Springfield at once and the ditcher will be restored to service probably next Monday. It requires some slight repairs and will be ordered to the shops today or tomorrow. As soon as it is ready for service it will be sent to Tallula to work on the ditches along the right of way, this service being interrupted when the Roodhouse chutes were burned. The new derrick, just received at Roodhouse, is a powerful machine and has long been needed for the purpose indicated.

## Chronic Digestion Permanently Cured.

"Six years ago," writes S. E. Carpenter, East Aurora, N. Y., "I was in very bad shape suffering from indigestion, could not eat solid food, when a friend advised me to try Chamberlain's Tablets. I found such relief from one box that I continued using them until cured, and though six years have elapsed I have not felt the slightest return of my former trouble." For sale by all dealers.

Mr. and Mrs. George Taylor of Prentice were among the shoppers with city merchants yesterday.

## WOMAN'S RELIEF CORPS INSTALL OFFICERS

## Large Number of Members Attend Exercises Held Friday Afternoon.

At the regular meeting of the Woman's Relief Corps No. 109 Friday afternoon the installation of officers was held and quite a large number of the members attended the exercises.

It was decided not to hold a birthday social in January but to have a pound social at the home of Mrs. Bell Seymour, 323 North Clay avenue, on the afternoon of Tuesday, January 28, the proceeds to go to the needy widow of a soldier. Mrs. Julia Ferguson, past president and Mrs. Anna Vieira, conductor, installed the following officers who were elected at the last meeting in December:

President—Mrs. Mary Jordan.  
Senior vice-president—Mrs. Frank C. Taylor.  
Junior vice-president—Mrs. Annie Ferguson.  
Treasurer—Mrs. Bell Hopper.  
Secretary—Mrs. Naomi Whorton.  
Chaplain—Mrs. Mary W. Waller.  
Conductor—Mrs. Cornelia Fyfe.  
Assistant conductor—Mrs. Mary Wyatt.  
Guard—Mrs. Mary Dunavan.  
Assistant guard—Mrs. Martha Happy.  
Patriotic instructor—Mrs. Jeanette Bowen.  
First color bearer—Mrs. Letitia Heck.  
Second color bearer—Mrs. Martha Day.  
Third color bearer—Mrs. Bell Seymour.  
Fourth color bearer—Mrs. Alice Scott.  
Musician—Mrs. Mary E. Taylor.  
Press correspondent—Mrs. Mary F. Taylor.

## HINTS FOR THE HOUSEKEEPERS.

Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates, heals and soothes the inflamed air passages, stops the cough, and may save a "big doctor's bill." In the yellow package.—City Drug Store, J. A. Obermeyer.

## "EVERY LITTLE OLIVE TABLET HAS A MOVEMENT ALL ITS OWN."

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver. Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil, to act on the liver and bowels, which he gave to his patients for years.

Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of harmful impurities.  
10c and 25c per box.  
The Olive Tablet Co., Columbus, O.

## HURT IN CHICAGO.

While alighting from a street car in Chicago a day or two since, Rev. H. D. French, pastor of State Street church, tripped and fell in some manure, so that he sustained a severe injury to a knee cap. He was so badly hurt that he had to go to bed and stay there under the care of a physician. Arrangements have been made to have the pulpit occupied Sunday morning by Dr. A. B. Morey and at afternoon vesper service under the auspices of the brotherhood by Rev. W. A. Spooner.

It is the sincere hope of the reverend gentlemen's friends that he will soon be well and at home.

## NOTICE

All accounts on our books are now due. Prompt settlement will be appreciated.

Telephone office and collector will call, or pay in office of L. S. Doane in Farrell Bank Building.

## Walton &amp; Company

## Keeping the Body in Repair

Nature intended that the body should do its own repairing—and it could do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or shoes, nor live in badly ventilated and draughty houses, nor eat and drink some of the things that we do, nor ride in street cars when we should walk. The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs. For weak stomachs and the indigestion or dyspepsia resulting, and the multitude of diseases following therefrom, no medicine can be more adaptable as a curative agent than DR. PIERCE'S GOLDEN MEDICAL DISCOVERY. This famous Doctor's prescription has been recommended for over 40 years, and is today just as big a success. Restores a healthy appetite. Cleanses the blood. Strengthens the nerves. Regulates stomach and liver. Demand the original.

## Dr. Pierce's Golden Medical Discovery

Madam—Whether you need flour today or not, you'll do well to trade with the dealer who sells Zephyr Flour

IN the retail trade, when a dealer gets the agency for Zephyr Flour, it is considered positive evidence that he stands high in his community as a man and high in the trade as a square merchant. It means, too, that the flours in his store are of highest quality.

Zephyr Flour

We have spent endless care, time and money perfecting Zephyr Flour, the famous hard wheat flour of Kansas. We wash it and wash it and grind it and the while. Cooks who use it get a reputation for their bread and cakes, their biscuit and pies.

It is so good, so sure, that we sell it with a positive guarantee to satisfy. Any Zephyr Flour dealer will, on request, return the money paid for any sack of Zephyr Flour that fails to please.

Save the chemist's test certificate of the wheat and flour, found in each sack of Zephyr Flour. It assures uniform high quality or another sack from your dealer or from us.

**THE WORLD'S LATEST FINANCIAL AND MARKET NEWS**

**STOCK MARKET**  
**SHARES DEPRESSION**

**IN SOME CASES DECLINE WAS**  
**THREE POINTS.**

**Upheaval in Turkey and Unsettling**  
**ment of Foreign Markets Reflected**  
**on New York Exchange—Market**  
**Offers Little Resistance.**

(By Associated Press.)  
New York, Jan. 24.—The New  
York stock market shared in the  
general depression of the world's fi-  
nancial exchanges today. Foreign  
influences predominated. The up-  
heaval in Turkey with its dimming  
of peace prospects, and the unsettle-  
ment of foreign markets were re-  
flected here in declines among all  
classes of stocks, running in some  
cases to three points at the low  
prices on the day. Americans in  
London weakened appreciably before  
the opening here and first prices ex-  
hibited sharp recessions among the  
international stocks. The market  
offered little resistance to this in-  
fluence which fitted in with Wall  
street's prevailing bearish mood  
rather unsteadily throughout the  
day at times showing good recov-  
eries, only to fall back again. The  
close found quotations generally off  
on the day, although in some in-  
stances well above the lowest fig-  
ures.

A severe break in Illinois Central  
which sent it down six points to 121  
was another unsettling feature. The  
break gave rise to rumors question-  
ing the stability of the dividend, al-  
though there was no official basis  
for such reports. Union Pacific,  
which holds \$22,500,000 Illinois  
Central stock weakened on the fear  
of a possible reduction of its re-  
venue from this source. A reassuring  
note from the president of the  
Illinois Central was followed by a  
recovery of more than half the loss.  
Selling of stocks here by London was  
an influence in the decline. Lon-  
don's sales here were more than 20-  
000 shares in addition to which  
there was some selling by Berlin  
direct, chiefly of Canadian Pacific.

The heavy movement of gold con-  
tinued today more than \$5,000,000

**Offers Little Resistance.**

(By Associated Press.)  
New York, Jan. 24.—The New  
York stock market shared in the  
general depression of the world's fi-  
nancial exchanges today. Foreign  
influences predominated. The up-  
heaval in Turkey with its dimming  
of peace prospects, and the unsettle-  
ment of foreign markets were re-  
flected here in declines among all  
classes of stocks, running in some  
cases to three points at the low  
prices on the day. Americans in  
London weakened appreciably before  
the opening here and first prices ex-  
hibited sharp recessions among the  
international stocks. The market  
offered little resistance to this in-  
fluence which fitted in with Wall  
street's prevailing bearish mood  
rather unsteadily throughout the  
day at times showing good recov-  
eries, only to fall back again. The  
close found quotations generally off  
on the day, although in some in-  
stances well above the lowest fig-  
ures.

A severe break in Illinois Central  
which sent it down six points to 121  
was another unsettling feature. The  
break gave rise to rumors question-  
ing the stability of the dividend, al-  
though there was no official basis  
for such reports. Union Pacific,  
which holds \$22,500,

## PIMPLES ALMOST COVERED FACE

Blackheads Also, Suffered Greatly. Red and Irritated. Unsightly. Used Cuticura Soap and Ointment and Face Was Cleared.

Atchison, Kan. — "For a number of years I suffered very greatly from skin eruption. My face was very red and irritated, being almost covered with pimples and blackheads. The pimples were scattered over my face. They were a fine rash with the exception of a few large pimples on my forehead and chin. My face burned and looked red if exposed to either heat or cold. It was not only unsightly but very uncomfortable. I tried several remedies but couldn't get any relief. I was recommended to use Cuticura Soap and Cuticura Ointment. I applied the Cuticura Ointment in the evening, leaving it for about five minutes, then washing it off with Cuticura Soap and hot water. I washed with the Cuticura Soap and hot water also several times during the day. After about four months of this application, my face was cleared of the pimples. I still use the Cuticura Soap. I will be glad to recommend the Cuticura Remedies to anyone suffering from skin diseases." (Signed) Miss Elsie Nickson, Dec. 29, 1911.

### TO REMOVE DANDRUFF

Prevent dry, thin and falling hair, allay itching and irritation, and promote the growth and beauty of the hair, frequent shampoos with Cuticura Soap, assisted by occasional dressings with Cuticura Ointment are usually effective when other methods fail. Use Cuticura Soap and Cuticura Ointment. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

## KANSAS WOMAN WHO SUFFERED

From Headache, Backache, Dizziness and Nervousness, Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lawrence, Kans. — "A year ago I was suffering from a number of ailments. I always had pain and was irregular. During the delay I suffered a great deal with headache, backache, dizziness, nervousness and bloating. I had been married nearly three years. I took Lydia E. Pinkham's Vegetable Compound and now I feel better than I have for years. I recommend Lydia E. Pinkham's Vegetable Compound to all who suffer as I did." — Mrs. M. ZEUBER, 1045 New Jersey Street, Lawrence, Kansas.

**Montana Woman's Case.**  
Burns, Mont. — "Lydia E. Pinkham's Vegetable Compound cured me of awful backache which I had suffered with for months. I was so weak I could hardly do my work and my head and eyes ached all the time. Your Compound helped me in many ways and is a great strengthener. I always recommend it to my friends and tell them what a grand medicine it is for women. You may use my name for the good of others." — Mrs. JOHN FRANCIS, Burns, Montana.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, also they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

## A FRIEND OF SERFS HOUNDED BY SPIES

Once Russian Ambassador to Greece Awaits to Die in Lonely Hut—Has Been Pursued By Czar's Agents 50 Years.

Haywards, Calif., Jan. 24.—High up on the backbone of a rocky ridge of hills, thirty odd miles from the Pacific ocean, is an open, empty grave.

Farther back and below the summit of the ridge is a lone, gigantic pine tree. It towers high above the surrounding shrubbery and its scraggly branches shelter a tawdry, squat little white house at its base. Surrounding the house are 55 acres of rugged mountain ranch. The bottoms of the ravines are thickly grown with underbrush and team with game. The land slopes away from the ridges down to San Francisco bay and the Pacific, in rolling undulating sweeps. Here and there a farm house dots the landscape and occasionally a cluster of buildings glistening in the sun indicates a distant, shimmering in the sun like a streak of silver. It is one of the most wonderful views in the world.

Father Agapius Hontcharenko, linguist and priest, formerly Russian ambassador to Greece, now a Russian fugitive from justice, confessor of Count Leo Tolstoy, and friend of Henry George, Horace Greeley, James Gordon Bennett and Eugene Schuyler, is one of the most remarkable men in the world.

He owns the open grave, the lone pine tree, the little white house, the mountain ranch and the view. And there is a mortgage on them all. The grave was dug by his best friend. The house was sheltered him for forty years. The pine tree he planted with his own hands and it has stood guard like a sentinel since 1873, mocking the ravages of time and the intricacies of law that have claimed both the little old house and the little old man as victims. The mortgage amounts to \$2,475. Father Agapius is past 80 years old now, and the interest on the mortgage has not been paid for ten years. It amounts to \$1,025.

"Do you think that they can take my place?" asked the little old man. "I want to live and die and be buried here in the grave my dear friend dug. Why, if I had \$100 a week I would not be happy elsewhere, and besides I do not need money. I have plenty—I make \$1.25 a week and that is enough."

The aged priest has led a life of adventure and persecution such as falls to the lot of but few.

"I am half Persian and half Greek," explained the aged priest. "There is no Tartar in me."

"I became a Russian Cossack and was educated for the priesthood in the diplomatic service and later became a bishop in the Greek church. I was appointed ambassador to Greece in 1857 and held this position until 1860, when I was arrested and thrown into prison in Constantinople with beggars, felons and thieves because I exposed the corruption in the church and advocated freeing the serfs and dividing the church holdings."

"I escaped from prison disguised as a Turk and went to Alexandria because there were no extradition laws in Egypt."

Low Clemmens was the first one to publish the story about the price of 5,000 rubles—\$3,750 American money—on my head.

"While in Alexandria I was stabbed by a Muscovite and narrowly escaped death. I fled from there to London, but to avoid Russian espionage, brought about by writing incendiary articles demanding freedom for the Russian serfs, I decided to come to America, where I could be a free man and could establish the Russian press."

"I arrived in New York city in 1865 and Dr. Charles Van Dyke, father of the famous Henry Van Dyke, employed me as a printer. "That same year I married Alvin Chul, daughter of the Russian who gave me shelter when I first came to this country."

"I was so annoyed by Russian detectives who trailed me constantly in New York that I came to the Pacific coast."

"Look," he said suddenly, gleefully holding up a shiny steel instrument. "This is a type steel given me by Horace Greeley!"

"I went to Alaska to learn the condition of Russian subjects there and in 1867 brought the first nugget out of the Yukon district to the United States. It was worth about \$20."

"At San Francisco in 1868, I published the first Russian paper ever printed in the United States. It was called 'Svoboda,' which, when translated, means 'Liberty.'"

"With every issue I sent 500 copies to Russia, and at one time published the constitution of the United States and spread it broadcast among the Russian serfs."

"It was this act that forced me to sell my paper. My meager savings I invested in this farm, which is now heavily mortgaged, and with my wife settled down to eke out a scanty living from the soil."

"Since leaving Russia I have been trailed by Muscovite tyrants who, at different times, have stabbed, drugged me, assaulted me with brass knuckles and even clubbed me like a dog."

"The Russian government wishes to impoverish me by dispossessing me of my holdings in this country, even though I am an American citizen. Russia is a country in which any free man can live. It is the policy of the government to devastate the holdings of its subjects in foreign lands to discourage them from leaving the mother country."

"My cows and my chickens have been mysteriously poisoned, my fields have been mysteriously burned and I have received countless mysterious anonymous packages through the mails and by express, none of which have I ever opened. Mysterious Russians have prowled about my premises and I have been continually harassed."

"I am not an anarchist. I am not a nihilist. I am just a plain Amer-

# January Clearance Sale

Look Over the Wonderful Bargains Quoted Below. Remember, "Your Money Back for Any or No Reason," Then Come--You will not Regret it

**500 Suits and Overcoats to go at almost you own prices during this January Clearance Sale. Inspect them.**

Remember the name—Doan's—and take no other.

**FARMER DROPPED DEAD.**

Pleasant Driver, a well known farmer residing near Greenfield, died suddenly yesterday afternoon. He was driving in the field with his tenant, Walter Goodall, when he passed away without a word of warning. The deceased was born three and one-half miles north of Carrollton and was 70 years of age. He leaves an estate valued at more than \$100,000. He is survived by one son, Porter of Texas, and two brothers, Adolphus of Virden and Perry of Carrollton.

**PUBLIC WORKS IN MEXICO.**

Cuicatcalcos, Mexico, Jan. 24.—Actual work was commenced today on two important projects having to do with the development of the plans of the Mexican government for the development of the country's commercial and shipping industries. One of the projects is the building of a mammoth government dry dock in Cuicatcalcos. The other is the dredging of the bar at the mouth of the harbor at Salina Cruz, which work when completed will permit the largest vessels to enter the Pacific port of the isthmus of Tehuantepec.

**CELEBRATES 100TH BIRTHDAY.**

Charlotte, N. C. Jan. 24.—Mr. Harry Garrison, one of the most widely known residents of this section of the state, celebrated his hundredth birthday anniversary today at his home at Mallard Creek. The entire membership of Mecklenburg camp of Confederate Veterans of this city made a pilgrimage to the home of the centenarian to help in the celebration.

### AMERICAN BREEDERS

Association is Now Holding Annual Convention in the South.

Columbia, S. C., Jan. 24.—The annual convention of the American Breeders' association, which began its sessions at the University of South Carolina today, has attracted a large number of delegates from all sections of the country. The association meets in conjunction with the International Corn Exposition, which will be opened here next Monday.

The object of the American Breeders' association, whose membership embraces nearly two thousand and scientific and practical breeders, is unique. Its aim is the improvement of the human race as well as animal and plant life. The animal breeders are endeavoring to breed a better class of horses; cows that will yield more milk and better; animals that will yield steaks and chops more tender and better flavored; the plant breeders are working for wheat that will yield finer flour and more of it and that will contain more protein; plants that will resist blight and the attacks of bugs and smut; cereals that will flourish in spite of drought; fruits that will grow in the north and flowers that will bloom all summer.

The program of the present convention has been prepared largely with the view of increasing knowledge of horse breeding and of either exploding or substantiating the numerous theories advanced on that subject. Other subjects such as animal and plant breeding in general and eugenics will be dealt with, but the discussion will center upon the horse.

President Mitchell of the University of South Carolina welcomed the delegates at the opening of the convention. Secretary of Agriculture Wilson, president of the association, presided over the session and delivered an address.

The convention sessions will continue three days, the first two days being given over to scientific discussions and the last day to an inspection of the International Corn Exposition. Sunday morning the delegates will leave for Charleston in response to an invitation from the chamber of commerce of that city. Stops will be made at the Clemson college experiment station and at Summerville, where a visit of inspection will be made at the only tea farm in America.

**MEXICANS MAY SUPPLANT NEGRO LABORERS.**

Callington, La., Jan. 24.—Plans to import farm laborers to take the place of indolent negroes will be discussed at a farmers' conference here tomorrow. Farmers from all over the parish are arriving for the meeting. Owing to the unusually high wages paid last year few negroes can be induced to work at the old rates of pay, but demand pay at the same rate as is paid in cotton picking time. Many planters favor the importation of Mexican labor.

**LICENSED TO MARRY.**

Daniel C. Grady, Jacksonville; Mrs. Mary E. Shaw, Jacksonville.

### INJURED IN ACCIDENTS.

#### Auto Knocked Into Kindling.

Two prominent society women of Chicago had a miraculous escape when the automobile in which they were riding was demolished in a collision with a street car. About 100 feet from Congress street the car was caught between an on-coming street car and an elevated railroad upright and smashed to kindling wood. The gasoline tank exploded. The two women emerged from the debris unhurt, but the chauffeur, William Schlosion, was slightly bruised.

#### Railroad Wreck Near Blooming-ton.

Six cars of the fast merchandise express of the Lehigh and Washburn railroad were derailed at the Gibson City interlocking plant and tied up traffic for more than six hours. One car left the rails pulling with it the five others. Towerman Kashner, seeing the on-coming cars jumped from the tower house and was seriously injured and removed to a hospital.

#### Switchman Hurrying Loses Legs.

While hurrying home and not wishing to stand in the rain until a long train had passed, Joe Pen-soneau, a Southern railway switchman, residing at East St. Louis, attempted to climb between two of the cars while the train was in motion, slipped and fell in such a manner that his left leg was severed by the wheels. The right limb was so badly crushed that it was necessary to amputate.

#### Toppling Car Kills Two Men.

Geo. W. Holley and Chas. A. Means both residents of Washington Park East St. Louis and employees of the Terminal railroad, were instantly killed when a car upon which they were working fell upon them.

#### Coal Picker Run Down in Yards.

Mrs. Lizzie Jenkins, an East St. Louis woman was struck by a Baltimore & Ohio freight train about 2:30 this afternoon while she was picking up coal in the freight yards near Cone Station. Second and Pennsylvania avenue.

#### ALABAMA TO OBSERVE CENTENNIAL.

Montgomery, Ala., Jan. 24.—A special tax to defray the expenses of the Alabama Centennial exposition, which it is proposed to hold in 1919, in celebration of the one hundredth anniversary of Alabama's admission to the union, was recommended in a report submitted today by a special committee that has investigated the question. Governor O'Neal is expected to recommend a constitutional amendment which will be necessary before such a tax can be levied. The exposition probably will be held in Birmingham.

#### SUNDAY SERVICES AT ORLEANS.

At the morning service at the Pisgah Presbyterian church at Orleans Sunday morning at 11 o'clock the pastor will preach on the subject: "Heart Desire and Prayer." There will be no evening service.

## NOTICE To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD". It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat ..... 10.00 to 14 per cent  
Crude Protein ..... 52.50 to 60 per cent  
Crude Fibre ..... 1.00 to 3 per cent  
Phosphate ..... 10.00 to 12 per cent

## What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form. It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration. It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuf, or alfalfa meal.

TANKAGE is recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above.

It is the ideal feed to balance rations.

## What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby, saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, and more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs ship well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

**Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.**

For sale at the office of Jacob Cohen & Son, West Lafayette avenue. Call or write for any further information.

## MORTUARY

## Graves.

The remains of Mrs. Nancy Graves were sent to Clarksville, Mo., Friday morning at 9:40 o'clock via the Chicago & Alton, where funeral services will be held this afternoon in charge of Rev. Mr. Todd. Interment will be made in the Clarksville cemetery.

## O'Hara.

Roger O'Hara, one of the oldest residents of Brown county, residing near Mt. Sterling was buried Wednesday. He was over 80 years old and was married to Miss Jane Kennedy in 1862, the aged couple having celebrated their golden wedding anniversary a few months ago. He was a member of the Masonic lodge and besides his wife is survived by two daughters.

## Kloppie.

Vella Kloppie, aged 4 years, died Friday afternoon at 5:50 o'clock at the residence of her parents, Mr. and Mrs. John H. Kloppie, five miles west of the city. She is survived by one sister, Myrtle and one brother, Roscoe. One brother, Berne, H., died in April 1912.

Funeral services will be held Sunday morning at 11 o'clock and interment will be made in Liberty cemetery.

## Graves.

Brief funeral services for Mrs. Nancy Graves were held at the residence of Mrs. Charles Jackson, a daughter of the deceased, Friday morning in charge of Rev. G. T. Shaw, pastor of the A. M. E. church and Rev. Mr. Miller, pastor of the Methodist church. The services were very impressive were attended by a large number of relatives and friends.

The remains were sent to Clarksville, Mo., at 9:40 via the Chicago & Alton where funeral services will be held this afternoon. Interment will be made in the Clarksville cemetery.

## Gilchrist.

The funeral services of Mrs. Charlotte Elizabeth Gilchrist were conducted at 4:30 o'clock Friday afternoon from the residence of her sister, Mrs. R. S. Nelson, 911 West College avenue, in charge of Rev. K. H. Mitchell, rector of Trinity Episcopal church. Music was furnished by Mrs. John R. Robertson. The beautiful flowers were kindly cared for by Mrs. Taylor, Mrs. Frost and Miss Nellie Cunningham.

The remains will be taken via the Alton this morning at 6 o'clock to Carrollton where they will be laid to rest beside those of her husband.

All the people know what good bargains in clothing Knoles offers.

**\$1,000 AS SCHOLARSHIP FUND.**  
Decatur, Ill., Jan. 24.—Still attached to the school in which she taught 43 years, Miss Mary W. French to day gave \$1,000 to the Decatur High School as a scholarship fund. The interest is to be paid every year to the two students ranking highest in the four year course. Miss French resigned from the High School faculty last year after over four decades of continuous service.

**GARY DENIES STATEMENT.**  
New York, Jan. 24.—Elbert H. Gary, chairman of the United States steel corporation issued the following statement this afternoon:

"There is no foundation whatever for the published statement that the United States steel corporation is going to seek voluntary dissolution and that it will apply to the supreme court for direction how to go about it. The question has not been up for consideration before the board of directors, the finance committee nor the officers of the corporation."

**WILL BAR FROZEN FRUIT.**  
Washington, Jan. 24.—In order to protect consumers and to prevent the flooding of the markets with oranges and lemons declaring to be unfit for food, the federal board of food and drug inspection today issued an order forbidding the sale in interstate commerce fruits which have been damaged in the recent freeze in California.

**PRESIDENT HAS MANY PARDON PETITIONERS.**  
Washington, Jan. 24.—Varied appeals for mercy for federal prisoners, ranging from the call of dependent families for support to the heroism of convicts, excited the sympathy of President Taft, who today granted two pardons and five commutations of sentences. He restored the civil rights of six ex-convicts and denied clemency to nine prisoners.

## MATRIMONIAL

## Hahling-Weber.

Conrad Hahling and Miss Rose Weber, both of Arenville were married Thursday at the home of the bride, Rev. Father J. J. Cronin of Virginia reading the ceremony.

## Perry-Linier.

Darcel Perry and Miss Marie Linier, both of Mt. Sterling were married recently at the home of the bride's mother, Mrs. Eliza Linier, Rev. W. D. Owens officiating. The groom is a son of Mr. and Mrs. Marlan Perry and has just past his 19th birthday. The bride is 16 years old.

**Basketball — Chandlerville vs. J. H. S. tonight 8:30.**

## WITH SICK PEOPLE.

Miss Dorothy Weber has been ill for the past week with an attack of the grip at her home on South Main street.

Mrs. J. B. Sevier of East College street, who has been quite ill, is improving.

Mrs. F. M. Coard, who has been ill at her home on Diamond Court for some time, is able to be up.

Horace Coleman of Palmyra was a business visitor in the city yesterday. Mrs. Jerry Flynn of the south part of the county was in the city yesterday to see her boy, who has been quite ill but is improving.

Capt. Philip Lee was able to walk to the city yesterday for the first time in several weeks. He is much improved but still quite weak.

Mrs. Josephine Pyatt, who has been quite ill for several weeks, is still in a serious condition. Master Willie DeSilva is suffering with double pneumonia at the home of his parents on Hooker street. At last accounts he was slowly improving.

Mrs. Carrie Cavendar, who suffered a stroke of paralysis recently at the home of her sister, Mrs. B. H. Grierson, is in a serious condition.

**MAY PASS ANTI-WEAPON BILL.**  
Des Moines, Iowa, Jan. 24.—It will be a violation of the law to sell fire arms or weapons of any description in Iowa, if a bill introduced in the lower house of the legislature passes. The bill provides for the creation of a board to pass upon applicants for the privilege. Violation of the act is made a felony. The circulation of slanderous reports concerning banking institutions is made a misdemeanor in another bill.

**ROBBERS MAKE BIG HAUL.**  
Oklahoma, City, Okla., Jan. 24.—After robbing the state bank of Mounds, Okla., to day and locking Cashier C. T. Brown in the looted vaults, three masked men escaped with \$3,500 in currency and silver. Two hours elapsed before the imprisoned cashier was released.

## MEDICAL LIBRARY ASSOCIATION ENTERTAINED DR. JESSE B. MYER

Prominent St. Louis Physician Gave Illustrated Address—Took Life of Dr. Beaumont as Theme.

Last evening the library association of the Morgan county medical association, had the pleasure and honor of entertaining as a guest the eminent Dr. Jesse B. Myer of St. Louis. It was a memorable and enjoyable occasion and appreciated by all present.

A supper was served at 6 o'clock at the Peacock Inn which was greatly enjoyed. Among those who sat at the table there were: Dr. and Mrs. T. J. Pitner, Dr. and Mrs. David Reid, Dr. and Mrs. George Stacy, Dr. and Mrs. Carl E. Black, Dr. and Mrs. A. L. Adams, Dr. Josephine Milligan, Dr. Grace Dewey, Dr. Virginia Dinsmore, Dr. T. A. Weakley, Dr. and Mrs. T. O. Hardesty, Dr. and Mrs. Charles E. Cole and Dr. Jesse S. Myer, the guest of honor.

After the supper the association held an election with the following result:

President—Dr. T. J. Pitner.  
Treasurer—Dr. A. L. Adams.

The organization voted to subscribe for 102 Medical Journals and send them out twice a week to members of the library society.

The meeting then adjourned to the public library building where a fine paper was read by Dr. Myer on the life and labors of the great Dr. William Beaumont of revolutionary war days. The gentleman told how he had managed to secure the data for a biography of the great man. Dr. Beaumont was born in 1781 and grew to manhood surrounded with no especial means for getting an education and not blessed with especially illustrious ancestors but was a man of wonderful ability, fearlessness and industry. He started out to make his way driving a sleigh containing a barrel of cider, didn't know where he was going but proceeded till he found a place to teach school and worked at that till he was able to begin his medical studies. He became eminent in his chosen profession and was for a time connected with the army and showed his fearlessness there. A man secured permission to erect a building on the spot which the eminent surgeon used for a garden on which he raised vegetables for use in the hospital and when the man came with his authority the surgeon sent a vigorous protest to the surgeon general which had the desired effect and the structure was put up in another place and remained there till destroyed by fire long after.

At the close of paper which was long and heard with profound interest the eminent speaker had the room darkened and the stereopticon was brought into use with fine effect. On the screen were thrown photographs or pictures of important documents pertaining to the life of the subject. He was a man who kept all letters written to him and copies of all the letters he wrote and many of these were shown along with pictures of scenes in the life of the great physician.

The entire evening was highly entertaining and instructive. At the close Dr. Pitner tendered the speaker a hearty expression of thanks on behalf of the association and the audience.

**Money Wanted—\$5500 at 6 per cent 5 years on Morgan Co. land. For particulars call in person; don't phone. Johnston Agency.**

Take the "direct road" to health and strength by using Foley Kidney Pills for backache, rheumatism, weak sore kidneys and bladder irregularities. Each ingredient is chosen for its positive healing and curative qualities. Foley Kidney Pills are the best medicine you can buy for kidney and bladder troubles. Mrs. J. M. Fladley, Lyons, Ga., says: I took Foley Kidney Pills and they entirely cured me."—City Drug Store, J. A. Obermeyer.

**Knoles' wonderful reductions in clothing are real money savers.**

**GIFT FROM THE SOUTH.**  
The Journal is in receipt of a pleasant reminder from Rev. Hy S. Alkire, now sojourning in Victoria, Texas. He has sent a box containing violets, mistletoe, Spanish dagger and moss, all plucked by himself on the banks of the Guadalupe river. The Journal hopes the sender is rapidly regaining the health and strength he went to seek.

### ROUTT COLLEGE HIGH LOSES ONE SIDED CONTEST TO WHITE HALL

Suffer Defeat by Score of 16 to 5 Friday Evening—To Play Return Game Feb. 7.

Route College High school was defeated in a one-sided game of basketball with the White Hall high school team at that place Friday evening. The White Hall men played a good game from start to finish and their victory was easily won. The Route high school team was crippled by the loss of Manager Donovan who is out of the game on account of illness. White Hall will play a return game in this city on February 7.

The teams lined up as follows: Route High—Sheehan and Wheeling, forwards; Groves, center; Alexander and Butler, guards. White Hall—Kirkman and Richert, forwards; Morrow, center; Baldwin and Marshall, guards.

Officials—Referee, Hixon; Umpire, Vermillion; Timer, Smith.

## SPARKS FROM THE WIRES

WASHINGTON, JAN. 24.—The weather bureau tonight issued a warning for a flood stage in the Illinois river from Havana, Ill., northward within the next 24 hours.

ST. JOSEPH, MO., JAN. 24.—James Beaver and Benjamin Howard, Alias Bert Baker, were arrested here today when spurious five and ten dollar gold coins were found in their possession.

NEW YORK, JAN. 24.—John A. Qualey, president of the Magnesia Asbestos company, was convicted today of grand larceny in defrauding Mrs. Marie Nevins Bull, widow of William T. Bull, the noted surgeon, out of \$35,000.

CHICAGO, JAN. 24.—Charles F. Day was arrested here today on a charge of using the mails to defraud. He is alleged to have been a party to frauds alleged to have been perpetrated by the Barr & Winden Mercantile agency of St. Louis.

CARSON, NEV., JAN. 24.—Women's suffrage passed the assembly here today. The measure will go to the senate on Monday next and should it pass, will go before the people at the next general election.

SEATTLE, WASH., JAN. 24.—An avalanche today at Windy Point in the Cascade mountains buried nearly a mile of Great Northern track under snow and earth, to a depth of sixty feet in some places.

HURON, S. D., JAN. 24.—August Zarow of Chicago was killed and Carl and Will Hedigar, brothers, of this city, were seriously injured when their automobile plunged through a bridge near here today.

LOS ANGELES, CALIF., JAN. 24.—Four additional jurors were sworn today to try Clarence S. Darrow, on

### KONRAD FOUND GUILTY ON ONE COUNT IN LIQUOR CASE

Judge Brockhouse Has Not Yet Passed Sentence—Slaughter House Case From Waverly Now Being Heard.

In the county court Friday morning the sealed verdict found by the jury which heard the evidence in the trial of John Konrad, charged with selling liquor in anti-saloon territory, was opened and declare Konrad guilty on one count. Under this finding the defendant may be fined from \$10 to \$100 or committed to the county jail from 10 to 30 days or both penalties may be inflicted. Judge Brockhouse has not yet passed sentence.

The hearing of the case of Thursday and Daniel Brian of Waverly was then taken up. The men, who are father and son, run a butcher shop in Waverly and have a slaughter house in the outskirts of the town. They are charged with conducting an offensive trade. If found guilty the defendants can be fined and an order can be entered closing the slaughter house. State's Attorney Tilton is being assisted by Hugh Green and the defendants are represented by Bellatti, Barnes & Bellatti. The jurors are Fred Taylor, Patrick Wolfe, John Cain, S. O. Shauf, W. A. Rimey, W. L. McGinnis, J. R. Lewis, Harry Clark, John McDonald, John Eilers, William Murphy and E. O. Samples.

**THOSE JUMBO PEANUTS ARE FRESH ROASTED DAILY: 15c LB. CLAU'S TEA CO.**

#### A CORRECTION.

In Friday's issue of the Journal there appeared an account of the wedding of Alfred H. Meighan and Miss Ethel May Pottus. The name of the bride should have been Miss Ethel May Coultas, and the error is very much regretted.

Fast basketball game tonight. Jacksonville vs. Chandlerville.

#### KNIGHTS OF PYTHIAS.

At a meeting of the Knights of Pythias lodge No. 152 held last evening, the rank of esquire was conferred upon Pearl Hughes.

**THOSE JUMBO PEANUTS ARE FRESH ROASTED DAILY: 15c LB. CLAU'S TEA CO.**

the charge of having bribed a juror in the McNamara case, leaving but two places to be filled.

NEW YORK, JAN. 24.—The general education board organized by John D. Rockefeller to promote education in this country, at its annual meeting, voted appropriation of \$50,000 to the Lake Forest college, Lake Forest, Ill.

BURLINGTON, I.A., JAN. 24.—Burlington High school won tonight's basketball game from West Liberty, 32 to 22.

LONDON, JAN. 24.—A rumor was current in London, Paris and Berlin tonight to the effect that the sultan of Turkey had been dethroned and a republic proclaimed. There was no confirmation of the rumor anywhere and it was generally discredited in official circles.

SOUTH BEND, IND., JAN. 24.—John W. Talbot of South Bend, founder of the order, today was elected president of the supreme lodge of the Order of Owls.

LINCOLN, ILL., JAN. 24.—Mrs. Barbara Voepel, aged 79 years, died here today. She came to America alone from Germany, a young girl, and her first employment was in the home of Abraham Lincoln in Springfield.

BURLINGTON, I.A., JAN. 24.—John Hayes, a farmer living near Monmouth, was instantly killed tonight by Burlington train No. 5, which struck a team he was driving. Both horses were also killed. Hayes leaves a widow and four children.

MEXICO CITY, JAN. 24.—General Felix Diaz, who fomented the revolution at Vera Cruz several months ago was captured by the federal forces, was brought here today and lodged in the penitentiary.

### MRS. H. W. HUNTER DIES IN CALIFORNIA

For Many Years Was Resident of This City.

Word has been received by relatives in the city of the death of Mrs. H. W. Hunter, which occurred at her home in Los Angeles, Calif., Thursday morning.

Mrs. Hattie Hunter was the eldest daughter of the late Francis McCullough of this city. For many years she was a resident of Jacksonville, then moved to Chicago and four years ago went to Los Angeles. She was a consistent member of Centenary Methodist church while here and has many relatives and friends in this city who extend sympathy to the family.

She is survived by two children, Miss Bertha and Frank, both of Los Angeles, also two brothers, Samuel McCullough of Chicago and J. G. McCullough of Kansas City, and one sister Mrs. Frank S. Mathews of South East street.

Basketball—J. H. S. vs. Chandlerville tonight at 8:30.

### NEW ARMY BILL BEING PREPARED IN GERMANY.

Berlin, Jan. 24.—The admission that the German government is preparing military bills which are to be introduced in the parliament this session is made to day in the "Norddeutsche Allgemeine Zeitung", the government organ in spite of the denial made a few days ago. The newspaper declines to specify the character of the measure but says the army authorities have long been agreed that the various increased needs of the army must be satisfied. The Cologne Volks Zeitung, which generally is well informed says the amount to be asked for these increased needs of the army will be \$17,500,000.

**OF ALL THE COFFEES OUR 30c COFFEE PLEASES THE PEOPLE. CLAU'S TEA CO.**

### RECOMMEND NATIONAL OWNERSHIP OF TELEPHONES

Lincoln, Neb., Jan. 24.—A resolution was unanimously adopted by the house of representatives here this morning recommending to congress to enact a law providing for national ownership and control of all telephone lines. A similar resolution has already been passed by the senate.

### REVIVAL MEETING CLOSED

Special Services of Northminster Ended Last Night.

A service of splendid spirit marked the closing of the revival meeting last night at Northminster church. The evangelistic services have been in progress for the past three weeks under the leadership of Rev. W. A. Bodeil. During all this time the weather has been most unfavorable, which cut down the attendance a great deal.

The attendance last night was unusually large and the full chorus gave some inspiring music. The thirteenth and fourteenth chapters of Numbers were read for a scripture lesson and this was followed by a duet "Take Thy Cross and Follow Me," by Miss Gertrude Fernandes and Uriel Gouveia. Rev. Mr. Bodeil preached from the text Deut. 1-21, "And when we departed from Horeb we went through all that great and terrible wilderness, which ye saw by the way of the mountain of the Amorites." The evangelist illustrated the strong points of his text amply and the earnestness with which the sermon was delivered made a deep impression upon the audience. The evangelist expected to leave for his home in Bloomington today. The church has felt the wonderful impetus of his work and while here he made many warm friends.

On Sunday evening, the pastor Rev. Walter E. Spoons will preach from the subject "The Public Auction."

**Money Wanted—\$5500 at 6 per cent 5 years on Morgan Co land. For particulars call in person; don't phone. Johnston Agency.**

#### FROM THE NORTH.

S. A. Thompson, residing in the north part of the county, has returned from an extended tour of the north, taking in points in Minnesota and Wisconsin. While journeying through the latter state Mr. Thompson had the misfortune to forget how cold it was and failing to protect his nose properly suffered a frost bite.
